# City of Danville

April 18, 2023

To the Honorable Mayor, Members of the City Council, and the Citizens of the City of Danville:

The Annual Comprehensive Financial Report (ACFR) for the City of Danville, Virginia (City) for the year ended June 30, 2022, is hereby submitted in accordance with Section 15.2-2511 of the Code of Virginia, 1950, as amended. The Code of Virginia requires the City to issue annually a report on its financial position and operations, and that this report be audited by either the state auditor or an independent audit firm of certified public accountants in accordance with generally accepted auditing standards (GAAS). This report has been prepared by the Department of Finance to conform to the standards of financial reporting as established by the Governmental Accounting Standards Board (GASB), generally accepted accounting principles (GAAP) and the Commonwealth of Virginia Auditor of Public Accounts (APA).

The Annual Comprehensive Financial Report consists of management's representations concerning the finances of the City of Danville. The financial reporting entity includes all the funds of the City, as well as all its component units for which the City is financially accountable. Management assumes full responsibility for the completeness and reliability of all the information presented in this report, based upon a comprehensive framework of internal control that has been established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City of Danville. All disclosures necessary to enable the reader to gain an understanding of the City of Danville's financial activities have been included.

Brown, Edwards & Company, LLP, licensed certified public accountants, has audited the City's financial statements. The goal of the independent audit is to provide reasonable assurance that the financial statements are free of material misstatements. The independent audit involved examining, on a test basis, evidence supporting significant estimates made by management; and evaluating the overall financial statement presentation. This examination was conducted using guidelines set forth by GAAS and the Specifications for Audits of Counties, Cities and Towns, issued by the APA. Based upon this audit, the independent auditor concluded that there was a reasonable basis for rendering an unmodified opinion that the City's financial statements for the fiscal year ended June 30, 2022, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

As a recipient of funds, the City of Danville is required to undergo an annual single audit in conformity with the provisions of the U.S. Office of Management and Budget's Uniform Guidance. The standards governing Single Audit engagements set forth in the General Accounting Office's Government Auditing Standards require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements. Special emphasis is placed on internal controls and compliance with legal requirements involving the administration of federal awards. Information related to this single audit, including a schedule of expenditures of federal awards, the independent auditor's reports on internal controls and compliance with applicable laws and regulations, and a schedule of findings and questioned costs are included in the Compliance section of this report.

Governmental Accounting Standards Board Statement No. 34 requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). The purpose of the transmittal letter is to complement the MD&A and should be read in conjunction with it. The City's MD&A starts on page 4a of this report.

## **Profile of the City of Danville**

The City of Danville was founded in 1793, chartered in 1830, and is located on the Dan River in the southern part of the state. The City covers an area of approximately 44 square miles and has a population of approximately 42,597.

The City operates under the council-manager form of government. Policymaking and legislative authority is vested in the City Council, which consists of nine members including a mayor and vice-mayor. Council members are elected at large on a nonpartisan basis to serve four-year terms. The elections are held biennially with five members being elected in one biennium and four in the next. Members of the council elect the Mayor and Vice-Mayor from its membership. The City Council is responsible for passing ordinances, adopting the budget, appointing committee and board members, and hiring the City Manager and City Attorney. The City Manager is the chief executive and is responsible for carrying out the policies and ordinances of City Council, overseeing the day-to-day operations of the City, and appointing department heads.

The City provides a full range of services including police and fire protection; sanitation services; the construction and maintenance of highways, streets, and infrastructure; recreational activities; and cultural events. In addition to the general government activities, the City provides mass transit, water and wastewater treatment, gas, fiber network, and electric services. Discretely presented component units are reported in a separate column in the combined financial statements to emphasize they are legally separate from the primary government and to differentiate their financial position and results of operations and cash flows from those of the primary government, including the Danville School Board and the Industrial Development Authority.

The City of Danville's annual budget serves as the foundation for financial planning and control. The object of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Departments are required to submit requests for appropriations to the Budget Director by mid-December of each year. The Budget Director uses these requests as a starting point for developing a working budget. The City Manager, in conjunction with the budget team, reviews departmental requests along with mandated costs and expected revenues. Once a complete budget is developed, it is presented as a recommended budget to the City Council by April 1 for review and deliberation. After City Council's approval, an introduction budget is released by April 30. The introduction budget contains all changes and amendments made by the City Council during its budget review. It is the introduction budget that is submitted for public hearing. City Council is required to adopt a final budget by June 30 each year.

Activities of the General Fund are included in the annual appropriations budget. Project-length budgets are adopted for management control for the Enterprise and Internal Service Funds. The City Manager has the authority to transfer appropriations within funds. Inter-fund transfers and appropriations from fund balance/net assets require City Council approval. The General Fund is the only governmental fund that has a legally adopted budget; therefore, a budget-to-actual comparison is provided.

## Local Economy

Through years of investments in infrastructure, workforce development initiatives, and quality of life amenities, the city of Danville along with the surrounding region is now seeing economic growth and forward momentum. Despite some negative impacts from the coronavirus pandemic, overall activity in industrial parks, the River District, and the Schoolfield District have not ceased. Visible signs of ongoing construction and rehabilitation meet the eye of visitors, and although some delays have occurred, the vitality of revitalization of the city and the Southern Virginia region is still very apparent.

As have many other locations across the nation, Danville has dealt with the demise of several major retailers. It is noteworthy that, despite the loss, sales tax revenue for the City of Danville increased by 6% from fiscal year 2021 to fiscal year 2022. Additionally, sales tax revenue received by the City for the first half of FY 2023 actually exceeded that for the first half of FY 2022 by 6.5%. Consumer buying patterns continue to support established discount retailers, online retailers, and wholesale warehouse retailers. To provide more resources for consumer activity, Danville is encouraging its entrepreneurs to establish specialty retail shops. This strategy supports the renovation of older structures throughout the city while simultaneously providing an attraction for retail sales that is critically important to maintain and increase sales tax revenue.

In 2022, the City celebrated the grand opening of the AeroFarms Danville facility, which marked the opening of the world's largest aeroponic smart farm that utilizes AeroFarms proprietary indoor vertical farming technology. It is an award-winning farming company with proprietary aeroponic growing technology, enabling year-round local commercial production with over 390-times more productivity for leafy greens on a per acre basis vs. field farming, while using up to 95% less water and no pesticides, herbicides, or fungicides. AeroFarms Danville introduces a state-of-the-art water recapture process for even more water savings. In addition to the benefits to the environment, AeroFarms will also add 158 jobs to the local economy while bringing fresh, safe, delicious greens to more communities year-round. Hiring locally and creating year-round employment, AeroFarms can disrupt traditional supply chains to nourish its communities with locally grown, sustainably sourced, pesticide-free produce that delivers peak nutrition and flavor, all year round.

Also, in 2022, the City celebrated the opening of the Center for Manufacturing Advancement (CMA), which will drive innovation in manufacturing, including automation, robotics, and information technology. The 51,250 square-foot facility is a \$28.8 million investment to promote collaboration among technology leaders and to provide state of the art space for industry partners to optimize their operations and scale. Both existing manufacturers in the region looking to expand and manufacturers looking to enter Southern Virginia with a new site location will benefit. The CMA will help these companies improve quality and innovate technologies that aid economic and manufacturing competitiveness. The CMA will help close critical supply chain gaps and accelerate defense manufacturing. It will enable partners to move and adapt at the speed of technology.

The United States Navy will be the first project partner locating in the CMA as part of a new center of excellence. A first for the Navy, the Additive Manufacturing Center of Excellence will provide a platform for training a skilled additive manufacturing workforce through partnership with the Accelerated Training in Defense Manufacturing program, a rigorous, focused 24/5 training schedule that graduates student cohorts every four months in multiple disciplines critical to the defense industrial base.

During the ribbon cutting ceremony for the Additive Manufacturing Center of Excellence, the announcement was also made that the Accelerated Training in Defense Manufacturing program, which aims to provide 800-1,000 qualified candidates to fill critical vacancies in the defense industrial base annually by 2024, will expand with the creation of a regional training facility adjacent to the CMA. The

multimillion-dollar investment into over 100,000 square feet of dedicated training capability, capacity and infrastructure will enable the Accelerated Training in Defense Manufacturing program to rapidly scale up to its full potential and add to the economic momentum in Southern Virginia.

In November 2020, the voters in Danville overwhelmingly passed a referendum during the general election permitting the establishment of a casino within the legal boundaries of the City of Danville. Since the passage of this referendum, the Caesars team has been steadily making progress on this project. In August of 2022, Caesars Entertainment along with the Eastern Band of Cherokee Indians announced their partnership in the development of the center, Caesars Virginia, and their construction officially began. The project is estimated to cost about \$650 million and will hopefully bring more people to the area, acting as a tourism engine and economic driver to the area. The project will also provide many employment opportunities creating thousands of construction and operational jobs. In November of 2022, Caesars Virginia announced its plans to open a temporary casino by July of 2023 that will be located right beside the permanent one, which is set to open in 2024. Opening of the temporary casino will create jobs sooner and allow employees to gain experience before working in the permanent one. The City anticipates to receive approximately \$39 million per year in additional revenue from the casino once it is fully operational. The City plans to use this revenue generated to increase people's ability to build their own wealth, to provide new opportunities that increase economic development and to lower the poverty and unemployment rate.

In August 2021, Tyson Foods, Inc., one of the world's largest food companies, announced that it will invest \$300 million to establish a manufacturing facility representing the largest investment made by a single manufacturer within our community in over 30 years. Just two months later, construction began of a 325,000-square-foot, state-of-the-art facility in Cane Creek Centre, an industrial park jointly owned by the City of Danville and Pittsylvania County and is slated for completion by the spring of 2023. This site will be used primarily to produce fully cooked, Tyson-branded chicken products. Tyson Foods has also committed to purchase 60 million pounds of Virginia-grown chicken over the next three years.

In the 2022 budget, City Council identified three priority areas of education, economic development, and public safety. Public education is the issue requiring the most immediate improvement to make the economic growth strategy of the City come to fruition. There is work underway to address the problem of school accreditation and the relatively low four-year graduation rate of secondary school students. To achieve the level of excellence that the City desires will require time, creativity, and capital funding. Through the November 2021 public referendum, residents approved a 1% sales tax increase that went into effect July 1, 2022. This increase will generate approximately \$140 million for facility and programmatic improvements within Danville Public Schools (DPS). The facility improvement work is currently underway and includes renovations at George Washington High School, a new G.L.H. Johnson Elementary School, and later down the road, renovations at John M. Langston School. Renovations are almost complete for the track at George Washington High School. In addition, DPS has recently announced increased opportunities for STEM and career exploration through new and reimagined programming. With occupations in the STEM field increasing in Virginia, these new programs will allow DPA students to meet the demands of the region's workforce. This new approach will provide all students with the knowledge, skills, competencies, and experiences necessary to succeed after high school. At the elementary level, added career exploration for all students during special classes will allow for early exposure. Exploration will begin in kindergarten and vary by grade level. The addition of a STEM and Career Academy for grades 3-5 will allow students to dive deeper into these concepts. At the middle school level, all students in grades 6-8 will have the opportunity to investigate several STEM and Career pathways to serve as a bridge to foster from the elementary introduction of schools to intensive training in high school. At the high school level, in addition to current career programs, several new offerings will be added and provide more choices to students, including skilled trades, agriscience, and more.

## Long Term Financial Planning

Each year the City prepares a five-year Capital Improvements Plan (CIP), with the first-year funding appropriated and the remaining four years for planning purposes only. Included are projects with provisions for blight removal, economic development, River District renovation, construction, replacement or rehabilitation of public facilities, technology infrastructure, major street improvements, equipment replacement, school improvements, and utility infrastructure. The City looks at a combination of funding sources to fund the capital projects, including but not limited to general obligation bonds, state and federal funding, state aid to localities, current revenues, unreserved fund balance, reprogrammed funds, and contribution-in-aid. Project appropriations for the coming year include: General Fund Capital Improvements of \$30,284,886; Sewer and Wastewater Capital Improvements of \$1,550,000; Water and Gas Capital Improvements of \$12,500,000 and Electric Capital Improvements of \$8,250,000.

The City is currently continuing efforts to improve housing and eliminate blight by implementing the strategies recommended in the comprehensive housing study conducted by CZB in 2014. It includes funds for demolition of valueless property, stabilization of important historically significant properties, enhanced code enforcement, establishment of a non-profit community development entity, establishment of a loan loss reserve fund, and redevelopment of the Five Forks commercial area.

The City is currently in the planning and design stage for a new Riverfront Park to be constructed in the heart of the river district, which will provide a unique opportunity to reconnect both residents and visitors to the river, one of Danville's greatest assets. Additionally, the Riverfront Park will be a key driver of redevelopment along the once industrialized riverfront. The park will include playgrounds, a main lawn area for events and concerts, a pier overlook that extends onto the river, and a splash pad fountain. Adjacent to the park is the historic White Mill, which once housed Dan River Mills. Redevelopment of the White Mill building into a multi-use project featuring apartments and commercial spaces is currently underway. The building will include over 150 one to three-bedroom units on the top three floors. The first two floors of the building will be reserved for commercial space. The City is also continuing the "Heart the Park" campaign to engage citizens on ways to improve neighborhood parks throughout the city, while continuing to maintain three regional parks and the nearly 12-mile paved Riverwalk Trail.

The City is also in the planning and design stages for a number of infrastructure improvement projects. These projects include expanding the fueling facility at Mass Transit, pedestrian improvements at Riverside Dr and Piney Forest Road, intersection improvements at South Main Street and Stokes Street, extending the third westbound lane from Kentuck Road to Airport Drive, Riverside Drive reconstruction, stormwater improvements, Bishop Road connector for the Police Department headquarters, and improvements to the Kemper Road sidewalk. Collectively, these projects are estimated to cost approximately \$14 million and are being funded through a combination of Virginia Department of Transportation grants, General Fund revenues, and Federal American Rescue Plan funds.

The City is home to the Danville Regional Airport, which is one of the leading general aviation airports on the east coast. The infrastructure includes a primary 5900-foot Precision ILS runway and a 500 by 425-foot south ramp that can accommodate regional jet series aircraft. Infrastructure upgrades are in the planning and design stage to create enough aircraft parking and supporting airport future development which will allow the airport to host the bigger planes that are expected to frequent the area once the Caesars casino opens. The airport projects include corporate hangar site preparation and construction, design services for rehabilitating closed runway 24 and construction of ramp area, T-hangar roof repairs, south ramp rehabilitation construction, fuel farm expansion, and construction of four-unit T-hangar and one box hangar building. Collectively, these projects are estimated to cost approximately \$8 million and are being funded through a combination of state and federal grants, general fund revenues, and bond issuances.

The City provides utilities to the residents of Danville including water, wastewater, gas, electricity, and telecommunications. Upcoming utility projects include sewer line reconstruction and new sewer lines/inflow and infiltration reduction, water territory expansion, Fall Creek sewer reconstruction and rehabilitation, water line reconstruction to address the replacement of old cast iron pipelines, redesign of the Dan River reservoir to act as a secondary storage of raw water in the event of source water contamination or high turbidity, new expansion of natural gas service to serve current and future industry on the south and east side of the city as well as expand into Pittsylvania County, electric line rebuilds, substation upgrades and AEP fourth delivery point. Collectively, these projects are estimated to cost approximately \$45.3 million and are being funded through a combination of state grants, utility fund revenues, and bond issuances.

### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Danville for its annual comprehensive financial report, for the fiscal year ended June 30, 2021. This was the thirty-sixth consecutive year the City of Danville has received this prestigious award. To be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The timely preparation for this Annual Comprehensive Financial Report was made possible by the dedicated service of the entire Finance Department staff. Each member of the department has our sincere appreciation for their assistance and contributions in the preparation of this report. Credit must also be given to the leadership of the governing City Council and their support for maintaining sound financial management.

Respectfully submitted,

Kenneth F. Larking

## FINANCIAL SECTION

---

## INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members of City Council  
City of Danville, Virginia

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Danville, Virginia (the "City"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Danville, Virginia, as of June 30, 2022, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits of Counties, Cities, and Towns* and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of Public Accounts of the Commonwealth of Virginia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Change in Accounting Principle*

As described in Notes 12 and 29 to the financial statements, in 2022, the City adopted new accounting guidance, GASB Statement No. 87, *Leases*. Our opinion is not modified with respect to this matter.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Report on the Audit of the Financial Statements (Continued)**

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and other required supplementary information be presented to supplement the basic financial statements. Such information is the responsibility of management, and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Report on the Audit of the Financial Statements (Continued)**

### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### *Other Information*

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated April 18, 2023 on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

The City of Danville, Virginia's (the "City") management presents this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2022. Please consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i through vi of this report.

### Financial Highlights

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the current fiscal year by \$504,396,110 (net position). Of this amount \$149,032,480 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position decreased by \$4,335,309.
- As of the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$231,694,157 an increase of \$138,379,989 in comparison to the previous year. Approximately 15% of this total amount, \$34,317,871, is unassigned.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$34,371,871, or 31% of total General Fund expenditures.
- The City's total long-term debt increased by \$138 million during the current fiscal year. In addition, the City implemented Governmental Accounting Standards Board Statement (GASB) No. 87, Leases, and has reported lease liabilities totaling \$1 million.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are composed of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

**Government-wide Financial Statements** – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Net position is presented in three categories: net investment in capital assets, restricted, and unrestricted. Over time, the increases or decreases in the City's net position can be an indicator as to whether the financial position of the City is improving or deteriorating. To accurately use changes in net position as an indicator of the City's overall health, the underlying factors contributing to the increase or decrease must be analyzed, as well as other nonfinancial factors (such as changes in the property tax base and the condition of infrastructure and other fixed assets).

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some

items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes and earned but unused vacation leave).

Both government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the City include general government administration, jail and judicial administration, public safety, public works, health and welfare, education, parks and recreation, and planning and community development. The governmental activities are supported primarily by property taxes, local taxes, state and federal grants, and contributions from the City's Utility Departments (Wastewater, Water, Gas, Electric, and Telecommunications).

The business-type activities of the City include Wastewater, Water, Gas, Electric, Telecommunications, Transportation, Sanitation, and Cemetery Operations. The City charges a fee to customers to cover all or most of the costs associated with providing these services.

The government-wide financial statements include not only the City itself (known as the primary government), but also the legally separate Danville Public Schools and the Industrial Development Authority for which the City is financially accountable. Financial information for these component units is presented in a separate column to emphasize that they are legally separate from the primary government.

**Fund Financial Statements** - A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of the fund statements is narrower than that of the government-wide statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and governmental fund statement of revenues, expenditures, and changes in fund

balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains seven individual governmental funds. Information is presented separately in the Balance Sheet-Governmental Funds and in the Statement of Revenues, Expenditures, and Changes in Fund Balances-Governmental Funds for the General Fund, Community Development Fund, Capital Projects Fund, and Special Revenue Fund, which are considered to be major funds. Data from the other three governmental funds (Virginia Department of Transportation [VDOT], Economic Development, and Cemetery Maintenance) are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in the other supplementary information of the financial section of this report.

The basic governmental fund financial statements can be found on pages 7 through 11 of this report.

**Proprietary Funds** - The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Wastewater, Water, Gas, Electric, Telecommunications, Sanitation, and Cemetery Operations. Enterprise funds are used to account for operations: (1) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is the cost of providing goods or services to the general public on a continuing basis to be financed or recovered primarily through user charges or (2) where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments on a cost reimbursement basis. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the other supplementary information part of the financial section of this report. The City has three internal service funds providing services to other City departments as follows:

1. Motorized Equipment – acquires and maintains all vehicles used by the various departments of the City. The Fire Department purchases and maintains large equipment independent of motorized equipment.
2. Central Services – provides office supplies and printing services for all the City's departments.
3. Insurance – provides general insurance coverage to all City departments, including areas such as workers' compensation where the City is completely self-insured, and insurance coverage purchased from outside insurance companies.

The basic proprietary fund financial statements can be found on pages 12 through 16 of this report.

**Fiduciary Funds** - Fiduciary funds are used to account for resources held for the benefit of parties outside the government. The City maintains two fiduciary funds: a Pension Trust Fund; and an Agency fund, the Veterans Memorial Fund.

The Employees' Retirement System of the City functions as an investment and administrative agent for the City's retirement plan. These activities are excluded from the government-wide financial statements because the City cannot use these assets to finance its operations.

The Veterans Memorial Fund accounts for money held in trust to complete a memorial to our local veterans. This activity is also excluded from the government-wide financial statements because the City cannot use these assets to finance its operations.

The basic fiduciary fund financial statements can be found on pages 17 and 18 of this report.

**Notes to the financial statements** - The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19 through 110 of this report.

**Required supplementary information** - In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's progress in funding its obligations to provide pension and postretirement healthcare benefits to its employees. This information is presented immediately following the notes to the financial statements and can be found on pages 111 through 124 of this report.

**Other supplementary information** - This report also presents certain other supplementary information concerning the combining statements referred to earlier regarding nonmajor governmental funds, nonmajor enterprise funds and internal service funds. This information is presented immediately following the required supplementary information. The combining and individual fund statements and schedules can be found on pages 125 through 132 of this report.

## **Government-wide Financial Analysis (Primary Government)**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$504,396,110 at the close of the most recent fiscal year.

The largest portion of the City's net position (68%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's

investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (2%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, which amounts to \$149,032,480 (30%) may be used to meet the City's ongoing obligations to citizens and creditors.

City of Danville

\*The information for the previous year has not been restated for the implementation of GASB Statement No. 87.

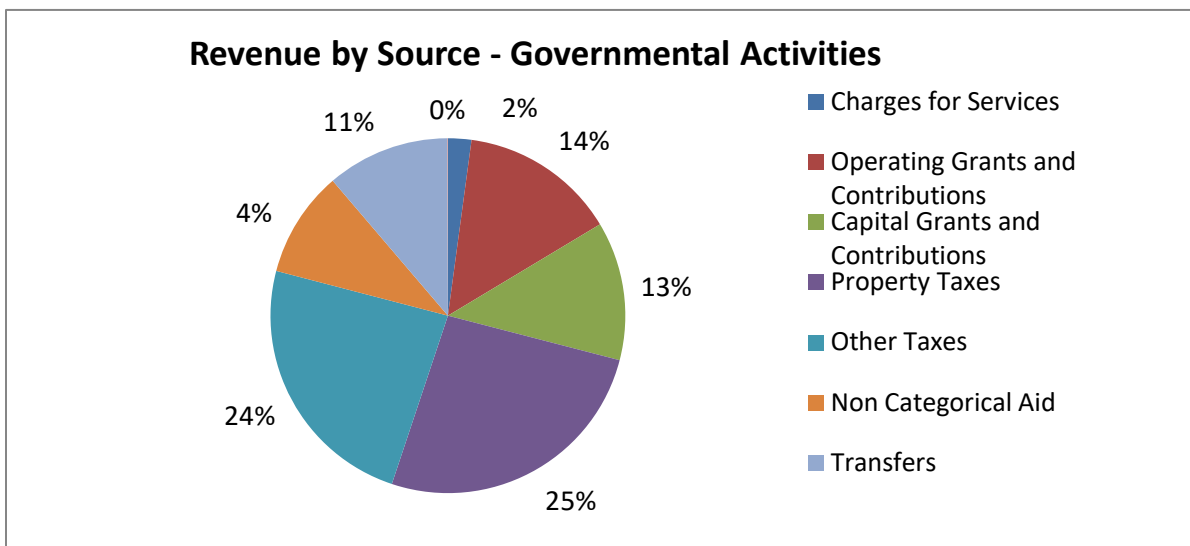

The City's net position decreased by \$4,335,309 during the current fiscal year. The main contributing factor of this was a decrease in Governmental Activities' net position of 2% and a decrease of net position in Business-type Activities of 0.5% over prior year position. The City continues its current initiative towards lean decision making for all the City's funds in an effort to be good stewards of public resources and to put the City in the best financial position possible.

Ending Net Position	<u>\$ 163,109,046</u>	<u>\$ 165,725,866</u>	<u>\$ 341,287,064</u>	<u>\$ 343,005,553</u>	<u>\$ 504,396,110</u>	<u>\$ 508,731,419</u>

\*The information for the previous year has not been restated for the implementation of GASB Statement No. 87.

**Governmental Activities** - Governmental activities decreased the City's net position by \$2,616,820. This decrease is primarily attributed to the Casino proceeds of \$15 million received in fiscal year 2021 for needed capital and special projects in anticipation of the operation of a casino within the City. This decrease is offset by increases in capital grants and contributions of \$3,520,547 and other taxes of \$3,014,336.

### **Business-type Activities**

Business-type activities decreased the City's net position by \$1,718,489 an improvement of \$8,840,741 compared to last year's decrease in net position of \$10,559,230. This decrease is primarily attributed to an increase in expenditures, specifically in Gas and Electric due to a spike in natural gas prices.

## Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds** – The focus of the City's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unrestricted fund balance (the total of committed, assigned and unassigned fund balance) may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Governmental funds reported a combined ending fund balance of \$231,694,157, an increase of \$138,379,989 when compared with the combined fund balance at June 30, 2021 of \$93,314,168. Fifteen percent (\$34,317,871) of the combined governmental fund balance is unassigned fund balance, which is available for spending at the government's discretion. Eighty-three percent (\$192,851,661) of the combined fund balance is unavailable for new spending, because it has already been restricted, committed, or assigned to specific future expenditures. The remaining two percent (\$4,524,625) of fund balance is not spendable as it represents inventories or prepaid expenses (\$1,567,960) and investments for the perpetual care of the municipal cemetery (\$2,956,665).

**General Fund** - The General Fund, which is the chief operating fund of the City, reports a combined fund balance at June 30, 2022 of \$46,404,208. This is a decrease of \$686,284 compared to last year's fund balance of \$47,090,492. The General Fund reported an unassigned fund balance of \$34,317,871 an increase of \$80,413 from the June 30, 2021, unassigned fund balance of \$34,237,458. The ability of the General Fund to generate cash on demand can be calculated by comparing both the unassigned fund balance and total fund balance to total funds expended. Unassigned fund balance represents 31% of total General Fund expenditures while total fund balance represents 41% of total fund expenditures. When transfers out of \$4,248,960

are added to expenditures, then unassigned fund balance is 30% percent of expenditures and transfers out. The following table represents General Fund support shown as transfers out:

Support of CIP Projects	\$ 2,201,540
Support of Regional Industrial Facility Authority	603,140
Support of Motorized Equipment	43,360
Support of Grants	<u>1,400,920</u>
Total	<u><u>\$ 4,248,960</u></u>

The decrease in fund balance of \$686,284 was \$4,465,687 less than the fund balance increase of \$3,779,403 at June 30, 2021. The difference resulted from an increase in revenues of \$1,959,755 along with an increase in expenditures of \$10,616,162.

Some key factors of the change in fund balance are as follows:

- Property taxes increased \$663,261 primarily from natural growth within the real estate and personal property assessments.
- Other local taxes increased \$3,017,969 from the prior year primarily related to the pandemic, as sales and meals taxes returned to pre-pandemic levels. The lifting of COVID-19 safety mandates in the final months of fiscal year 2021 allowed restaurants to continue to operate closer to full capacity.
- City Support of Public Schools had an unexpended balance of \$7,566,749 at June 30, 2021 of which \$5.4 million was spent in fiscal year 2023, causing expenditures for the Danville City Schools to be significantly higher in fiscal year 2022. Danville City Schools pulls local funding as needed and is allowed to carry unspent funding forward for future years.
- Public Safety expenditures came in \$2,376,045 over the prior year primarily due to the utilization of CARES Act funding for one month of public safety salaries in fiscal year 2021 causing the increase in expenditures for fiscal year 2022.
- Nondepartmental expenditures increased \$1,853,704 primarily due to the increase in health insurance expense due to higher claims in fiscal year 2022.

The following graph depicts General Fund revenue by categories as a percent of total revenues for fiscal year ending June 30, 2022. Total revenues are \$115,273,274 including transfers in of \$16,382,603.

The next graph shows General Fund expenditures by category as a percent of total expenditures for fiscal year ending June 30, 2022. Total expenditures are \$116,221,642, including transfers out of \$4,248,960.

**Community Development Fund** – The Community Development Fund has a total fund balance of \$830,672 an increase of \$16,349 from the prior year, of which the entire amount is assigned for various community development projects. Revenues decreased \$126,451 primarily related to a decrease in CARES Act funding recognized in fiscal year 2022 compared to fiscal year 2021. Expenditures also decreased by \$278,668, again primarily due to a decrease in CARES Act funding received for rental assistance.

**Capital Projects Fund** – The Capital Projects Fund has a total fund balance of \$35,096,399 an increase of \$7,006,052 from fiscal year 2021, of which the entire amount is either restricted, assigned, or committed for various projects. Revenues and other financing sources decreased \$9,199,441, primarily attributed to the Casino proceeds of \$15 million received in fiscal year 2021 for needed capital and special projects in anticipation of the operation of a casino within the City. Expenditures and other financing sources increased \$99,409 from the prior year primarily related to public works projects including improvements to infrastructure and improvements to the airport.

**Special Revenue Fund** – The Special Revenue fund has a total fund balance of \$137,430,580 an increase of \$135,154,965 from the prior year, of which the entire amount is restricted for various projects throughout the City. Revenues and other financing sources increased \$137,060,372 primarily related to the issuance of bonds during fiscal year 2022. The Series 2022 bonds are funded by a 1% local option sales tax and were issued to finance a program of capital improvement projects involving the renovation of, and construction of additions to, the City's public schools. Expenditures and other financing uses increased \$1,979,195 over the prior year primarily related to American Rescue Plan expenditures for bonuses to essential workers and utility relief for customers offset by decreases in CARES Act expenditures for public safety salaries, public health supplies, and small business assistance.

**Proprietary funds** – The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The Enterprise funds reported a combined ending net position of \$341,287,064; a decrease of \$1,718,489 compared to a combined net position reported at June 30, 2021 of \$343,005,553. Each of the following enterprise funds contributed to the overall decrease with increases (decreases) as follows: Wastewater Fund, (\$124,804); Water Fund, \$410,068; Gas Fund, \$822,660; Electric Fund, (\$3,088,030); Transportation Fund \$96,946; Sanitation Fund, \$436,867 Telecommunications Fund, (\$250,253); and the Cemetery Operations Fund, (\$21,943). FY 2022 revenues from all sources combined, excluding contributed capital and transfers in, increased \$18,212,875 when compared to the previous fiscal year ended June 30, 2021. The details of this net increase in revenue result from the following:

Grants	\$ 26,360
Recovered Costs	\$ 20,367
Jobbing Income	\$ 1,598,288
Interest Income on Market Value Adjustments	\$ (752,206)
Sales/Rentals/Gain on Disposals	\$ 2,078,013
Charges for Services	\$ 15,242,053

Charges for Services increased in the Electric Fund by \$8,972,665 primarily due to the seasonal rate effect of the Power Cost Adjustment rate, combined with a 40% increase in Commercial and Industrial consumption deemed to be largely pandemic related. A prior year administrative change in the Power Cost Adjustment, which allows for the recording of a regulatory asset that represents purchased power costs that have not yet been billed to the customers, included establishing a separate rate for high load factor customers. Purchased power costs increased

\$5,528,091 in FY 2022, which is in direct relation to the increase in consumption. While the Wastewater Fund remained virtually unchanged from the prior year with an increase of \$66,605 in Charges for Services, the Water Fund experienced a decrease of \$158,749 primarily due to the composition and manufacturing requirements of the industrial customer base. An increase of \$6,370,381 in Gas revenue resulted from increased consumption of 42% overall in the industrial customer class primarily as a result of transitioning out of operating limitations imposed by the pandemic. Non-major Funds (Transportation, Sanitation, Cemetery, and Telecommunication) remained virtually unchanged from the prior year with a combined decrease in revenues of \$8,849.

The decrease in the interest income and market value adjustment category resulted from continued downward changes in the market value in the current fiscal year versus prior fiscal year. Income before contributions and transfers for all enterprise funds combined increased \$8,864,741 from the prior year, primarily due to the significant increase in charges for services associated with the pandemic within the major enterprise funds offset by the market value adjustment in investments.

The Utilities contributed a total of \$16,009,000 in transfers to the General Fund for fiscal year ending June 30, 2022. Enterprise Funds' net position of \$341,287,064 includes \$73,234,513 unrestricted, \$1,400,804 net pension asset and \$266,651,747 net investment in capital assets.

### General Budgetary Highlights

City of Danville  
General Fund Budget  
Year Ended June 30, 2022

	Original Budget	Amended Budget	Actual
Revenues, Transfers, and Other Financial Sources			
Taxes	\$ 76,944,540	\$ 78,978,680	\$ 79,157,231
Intergovernmental	20,571,240	20,602,370	19,733,440
Transfers and Other	15,709,000	16,382,603	16,644,687
Total	113,224,780	115,963,653	115,535,358
Expenditures, Transfers, and Other Financial Uses			
Expenditures	110,881,290	120,496,642	111,972,682
Transfers and Other	2,343,490	4,248,960	4,248,960
Total	113,224,780	124,745,602	116,221,642
Change in Fund Balance	\$ -	\$ (8,781,949)	\$ (686,284)

Differences between the City's original operating budget for expenditures and transfers and the final amended budget resulted from carryforwards and prior year encumbrances of \$8,781,949. and additional appropriations totaling \$2,738,873:

Appropriations with matching revenue:

Project Lifesavers	\$ 45,592
Forfeited Funds	14,974
Transfer from Danville Public Schools to Capital	660,363
Police Walmart Grant	1,000
Fire HAZMAT	6,739
Airport Recoveries	16,748
Civic Clerk Annual Maintenance	13,240
Police Special Pay	228,030
Recreation-Rent, Special Pay, Instructional Fees	89,487
Community Development-Fees, Recoveries & Penalties	51,243
Sheriff Special Pay	111,458
Public Safety Modernizatoin Software & Hardware	1,500,000
<b>Total Additional Appropriations</b>	<b><u><u>\$ 2,738,873</u></u></b>

Some key factors of the deficit in revenue are as follows:

- The primary source of unrealized revenue resulted from decreasing interest rates coupled with unrealized losses in bond investments when the investments were adjusted to market value at June 30, 2022. These investments are held to maturity, so this loss from adjusting to market value is temporary and will reverse over time.
- Another contributing factor was the lower-than-expected utilization of Social Service programs. This gave rise to unrealized revenue of \$868,930 in the Intergovernmental Revenue category. A corresponding variance can also be seen in expenditures for Health and Welfare.
- Charges for services also had unrealized revenue of \$1,236,801 from decreased charges for the jail, juvenile detention, and adult detention services due to a lower than usual census at the facilities.
- General Property Tax collections were \$997,703 over budget. The primary components of this variance exist in the following areas:

Real Estate	\$ (115,283)
Personal Property	\$ 1,231,956
Regional Partnership	\$ (195,175)
Penalties & Interest	\$ 76,205

- Other Local Taxes were ahead of the final budget by \$2,759,681. Almost every category of local tax revenue exceeded budgeted expectations, while the remaining categories were close to budgeted expectations. The primary components of this positive variance relate to local sales tax, business licenses, prepared meals tax, recordation fees and motor vehicle taxes. Most categories of local tax revenue exceeded pre-pandemic levels. Local Sales Taxes were collected at 108% of budget, Business Licenses were at 109% of budget, Hotel Taxes were at 119% of budget, and Prepared Meals Tax collections also exceeded estimates at 109% of budget. Areas contributing to the budget variance include:

Sales Tax	811,514
Prepared Meals Tax	878,468
Recordation Tax	153,935
Hotel Tax	352,147
Business Licenses	478,912
Others	84,704

Some key factors of unexpended appropriations are as follows:

- City support of Public Schools had an unexpended balance of \$5,071,08. Danville City Schools pulls local funding as needed and is allowed to carry unspent funding forward for future years. The unencumbered portion of this amount is reserved as a carryforward for fiscal 2023.
- Public Safety expenditures came in \$2,133,100 under budget primarily due to a decrease in the purchase of equipment by the police department along with a decrease in services and supplies by adult and juvenile detention.
- The \$1,559,436 negative budget variance in nondepartmental expenditures arose from increased claims for the City's group health insurance.
- Savings in the Health and Welfare sector of \$1,117,662 reflect lower utilization of Social Service programs. A corresponding decrease in Intergovernmental Revenue is noted as well.

## **Capital Assets and Debt Administration**

### **Capital Assets**

As of June 30, 2022, the City's capital asset investment for its governmental and business-type activities amounts to \$331,849,408 (net of accumulated depreciation/amortization). Capital assets include land, buildings, improvements other than buildings, machinery and equipment, park facilities, roads, highways, bridges, right-to-use leased assets, and construction in

park facilities, roads, highways, bridges, right-to-use leased assets, and construction in progress. The City's total investment in capital assets for the current fiscal year decreased \$3,993,965. For further analysis of capital assets, please refer to Note 10 in the notes to the financial statements.

Major capital asset events during the current fiscal year included the following:

- Improvements amounting to \$3.5 million were made to the infrastructure, such as streets, parking lots, and various public buildings, parks, trails, and facilities throughout the City. The City also spent \$1.5 million on Airport improvements.
- Approximately \$860,000 was spent to purchase public safety vehicles and equipment.
- The City implemented GASB Statement No. 87, Leases and reported \$1.4 million in lease assets.

City of Danville  
Capital Assets (net of depreciation)  
Year Ended June 30, 2022

	Governmental Activities	Business-type Activities	Total
Land	21,116,937	1,493,238	22,610,175
Building & Improvements	31,475,935	280,012,307	311,488,242
Machinery & Equipment	14,896,889	19,453,266	34,350,155
Equipment - Leased	485,735	937,492	1,423,227
Infrastructure	29,222,051	-	29,222,051
Construction in Progress	24,708,203	12,525,658	37,233,861
Total	121,905,750	314,421,961	436,327,711

### Long-term debt

At the end of the current fiscal year, the City of Danville had total outstanding general obligation debt of \$225,758,054 and no revenue bonded debt.

City of Danville  
Bonds and Related Loans  
Year Ended June 30, 2022

	Governmental Activities		Business-type Activities		Total	
	2022	2021	2022	2021	2022	2021
General Obligation Bonds	178,964,153	47,939,470	46,793,901	51,036,951	225,758,054	98,976,421
Revenue Bonds	-	-	-	-	-	-
Total	178,964,153	47,939,470	46,793,901	51,036,951	225,758,054	98,976,421

During fiscal year 2022, the City of Danville issued \$8,295,000 in General Obligation Public Improvement Bonds, Series 2021, and \$127,000,000 of General Obligation School bonds, Series 2022. The Series 2021 bonds were issued to finance capital expenditures for general governmental projects. The Series 2022 bonds are funded by a 1% local option sales tax and were issued to finance a program of capital improvement projects involving the renovation of, and construction of additions to, the City's public schools.

The City of Danville's debt management policy states that debt supported by General Fund tax revenue will not exceed 3.0% of total taxable assessed value of property within City limits. For the purposes of calculating this ratio, assessed value includes real property and personal property. At June 30, 2022, debt to assessed value was 1.72%.

Additional information on the City of Danville's long-term debt can be found in Note 11 of the notes to the financial statements.

### **Economic Factors and Next Year's Budget and Rates**

The approved \$123 million fiscal year 2023 General Fund budget included the following factors in the preparation and final approval.

- As of September 30, 2022, the average unemployment rate for the City of Danville was 3.3%, which is a decrease from a rate of 4.5% at September 30, 2021. This rate was higher than the 2.6% state rate but lower than the 3.3% national rate in September 2022.
- Danville continues to make economic development a priority in its effort to reduce unemployment.
- Natural growth in both real estate assessments and personal property assessments will provide an additional \$1.7 million in revenue compared to fiscal year 2022.
- A total increase in other local tax revenue of \$2.5 million compared to the fiscal year 2022 approved budget. Specifically, this included projected increases in local sales tax revenue of \$846,170, meals tax revenue of \$1,028,680, and hotel/motel tax revenue of \$513,450 as the City projects to return to pre-pandemic levels based on economic data.
- Salary increases based on pay-for-performance for City employees.
- During fiscal year 2022, management continued its goal to stabilize and lower utility rates for electric services charged to its consumers despite congestion charges incurred during past winters. The Power Cost Adjustment utilized by Danville Utilities will allow these costs, along with increasing operating costs, to be recovered through gradual, small rate increases over the next few years.
- Danville has an estimated population of 42,597. The most recent data shows per capita income of \$37,147 for the Danville Metropolitan Area, an increase of \$846 from FY 2021 and lower than the \$43,267 per capita income for the Commonwealth of Virginia.
- Danville is located in the southern region of the United States. According to the consumer price index, Danville and the southern region have a lower cost of living compared to other regions in the United States.

Primary revenue sources for the City's General Fund are property taxes, sales taxes, business and occupational licenses, meals taxes, state revenues, and contributions from the City's Utility Departments. In establishing the budget, historical and trend data are analyzed. In addition to analyzing historical data, economic indicators, and the impact the economy will have on the historical data is taken into consideration. Throughout the year, management monitors revenues

and economic indicators to determine if they are on target with the analysis used to develop the budget.

### Other Financial Indicators

General Fund revenues and expenditures per capita have both trended upward over the last five years despite the economic downturn over previous years. Notwithstanding the estimated population increase in 2021, the historical overall increase in revenue and expenditures per capita were partially attributable to a declining population. Revenues have increased 19% over the five-year period. Expenditures increased from 2021 to 2022, primarily in the areas of public safety, education, and non-departmental. While Danville's population has shown decreases over the past years, it has begun to increase. It is anticipated that through the economic development efforts, and downtown revitalization, the City will continue to see population increases in the following years.

### Requests for Information

This financial report is designed to provide a general overview of the City of Danville's finances. Separately issued audited financial statements are available for the City's component units. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the City of Danville, Chief Finance Officer, 427 Patton Street, Danville, Virginia 24541.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET  
TO THE STATEMENT OF NET POSITION  
June 30, 2022**

<b>Total fund balances – governmental funds</b>		\$ 231,694,157
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Capital assets at historical cost	\$ 240,850,029	
Property held for sale	102,557	
Accumulated depreciation	(119,430,014)	
Right-to-use lease assets	485,735	
	<hr/>	122,008,307
Financial statement elements related to pensions are applicable to future periods and, therefore, are not reported in the funds.		
Net pension asset	6,050,155	
Deferred outflows of resources related to pensions	20,578,274	
Deferred inflows of resources related to pensions	(5,244,142)	
	<hr/>	21,384,287
Financial statement elements related to other postemployment benefits are applicable to future periods and, therefore, are not reported in the funds.		
Net other postemployment benefit liability	(4,938,694)	
Net other postemployment benefit deferred outflows	1,150,569	
Net other postemployment benefit deferred inflows	(3,316,051)	
	<hr/>	(7,104,176)
Certain other assets are also not available to pay for current period expenditures and, therefore, are reported as deferred inflows in the funds.		
Deferred taxes	4,960,574	
Other receivables	1,499,451	
	<hr/>	6,460,025
The assets, deferred outflows, liabilities, and deferred inflows of internal service funds are included in governmental activities in the Statement of Net Position.		
Internal service fund net position – Exhibit 8	5,316,734	
Less: internal service fund capital assets	(2,344,972)	
Less: internal service fund net pension asset	(121,645)	
Less: internal service fund deferred outflows related to pensions	(511,236)	
Add: internal service fund deferred inflows related to pensions	33,650	
Add: internal service fund long-term liabilities	67,032	
	<hr/>	2,439,563
Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.		
Long-term liabilities	(200,283,442)	
Due to component unit – IDA	(13,559,000)	
Accrued interest	(592,201)	
Deferred loss on refunding	661,526	
	<hr/>	(213,773,117)
<b>Total net position – governmental activities</b>		<u><u>\$ 163,109,046</u></u>

## CITY OF DANVILLE, VIRGINIA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,  
AND CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUNDS  
TO THE STATEMENT OF ACTIVITIES  
Year Ended June 30, 2022**

**Net change in fund balances – total governmental funds** \$ 138,379,989

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report outlays for capital assets as expenditures. However, in the Statement of Activities the cost of these assets is allocated over their estimated useful lives and reported as depreciation and amortization expense. The components of capital outlay, depreciation expense, and other various transactions involving capital assets are as follows:

Outlays for capital assets and right of use assets	\$	14,728,696	
Book value of capital assets disposed		(3,515,953)	
Depreciation and amortization		(6,684,200)	
			4,528,543

Transactions involving debt principal and cash flows relating to other long-term items are expenditures in the governmental funds, however these transactions increase or decrease long-term items in the Statement of Net Position.

Principal payments on long-term debt and leases		4,376,744	
Bond proceeds		(135,295,000)	
Premium on new bonds issued		(12,632,909)	
Leases issued during the year		(262,084)	
Amortization of premium		414,582	
Amortization of deferred loss		(117,139)	
Change in accrued interest		(27,513)	
			(143,543,319)

Governmental funds report pension contributions as expenditures. However, in the Statement of Activities the cost of pension benefits earned net of employee contributions is reported as pension expense.

Change in pension related assets, liabilities, and deferred inflows/outflows.			(2,680,781)
---	--	--	-------------

Governmental funds report other postemployment benefits contributions as expenditures. However, in the Statement of Activities the cost of other postemployment benefits earned net of employee contributions is reported as other postemployment benefits expense.

Change in other postemployment benefits related assets, liabilities, and deferred inflows/outflows.			207,456
---	--	--	---------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.

Change in obligation to IDA	562,000		
Change in Tobacco Commission obligation payable	43,333		
Change in workers' compensation	585,029		
Change in compensated absences	24,884		
			1,215,246

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.

(801,738)

The net of internal service funds is reported with governmental activities.

77,784

<b>Total change in net position – governmental activities</b>			<b>\$ (2,616,820)</b>
---	--	--	-----------------------

The Notes to Financial Statements are an integral part of this statement.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies**

**A. Financial Reporting Entity**

The City of Danville (the “City”), located in southwest Virginia at the North Carolina border, was founded in 1793 and chartered in 1830. The City covers an area of approximately 44 square miles and has a population of approximately 43,000. The accompanying financial statements present the government and its component units, which are legally separate entities for which the City is financially accountable.

*Primary Government:* The City is governed under the City Manager-Council form of government. The City engages in a comprehensive range of municipal services, including general government administration, public safety and administration of justice, education, health, welfare, housing and human service programs, transportation and environmental services, planning, community development and recreation, cultural, library, and historic activities.

*Discretely Presented Component Units:* Danville Public Schools (“DPS” or the “Schools”) is organized as an independently governed school system for operating the public schools of the City. The Schools are fiscally dependent on the City and are prohibited from issuing bonded debt without approval of City council. The City is legally obligated to provide financial support to the Schools by State Law of the Commonwealth of Virginia. Annually the State superintendent provides the City with the amount of the Required Local Effort (RLE). In addition, major capital improvements are financed with long-term debt issued by the City.

The Industrial Development Authority of Danville (the “IDA”) was created as a political subdivision of the Commonwealth of Virginia by ordinance of the City Council pursuant to provisions of the Industrial Revenue Bond Act of the *Code of Virginia* (1950), as amended. Seven directors appointed by the City Council of Danville govern the IDA. The City provides the majority of the IDA’s funding. The IDA operates as a component unit solely for the purpose of economic development for the City. It is authorized to acquire, own, lease, and dispose of properties to the end that such activities may promote industry and develop trade by inducing enterprises to locate and remain in Virginia.

Complete financial statements for each of the component units may be obtained at the entities’ offices:

Danville Public Schools  
P.O. Box 9600  
Danville, Virginia 24543

Industrial Development Authority of Danville  
P.O. Box 3300  
Danville, Virginia 24543

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**A. Financial Reporting Entity (Continued)**

*Jointly Governed Organizations:* City Council, in conjunction with the Board of Supervisors of Pittsylvania County, Virginia (the “County”), established Danville-Pittsylvania Community Services (“DPCS”) in 1972 to implement the provisions of Chapter 10 of Title 37.1 of the *Code of Virginia* (1950), as amended. The primary function of DPCS is the establishment and operation of behavioral health services, developmental disability services, and substance abuse prevention programs within the City and County. Seven members of the fifteen-member board of directors are appointed by City Council, and the County’s Board of Supervisors appoints the remaining eight members. The Board of Directors approves its own budget and maintains oversight of all programs. Most of the funding for DPCS comes from state and federal grants, as well as from charges for services. The City and County provide some financial assistance, but DPCS is not financially dependent on the City or the County. While not a component unit of the City or the County, DPCS is considered to be a jointly governed organization since neither the City nor the County has determinable ongoing financial interests in, or responsibilities for, DPCS. For the year ended June 30, 2022, the City provided \$547,310 in funding for DPCS.

In 2001, the Danville-Pittsylvania Regional Industrial Facility Authority (the “Facility Authority”) was created by ordinance of the Board of Supervisors of Pittsylvania County, Virginia, and the City Council of Danville, Virginia, to promote and further the purposes of the Virginia Regional Industrial Facilities Act, Chapter 64, Title 15.2 of the *Code of Virginia* (1950), as amended (Facility Act). The Facility Authority is an entity jointly owned by the City of Danville and Pittsylvania County and is a political subdivision of the Commonwealth of Virginia. The Facility Authority is empowered, among other things, to borrow money to pay the costs of real estate and all improvements located in industrial parks intended to be occupied by manufacturing, warehousing, distribution, office, or other commercial enterprise. In addition, the Facility Authority is authorized under the Facility Act to issue revenue bonds to finance facilities for such enterprises and to refund such bonds. The Facility Authority has no taxing power. For the year ended June 30, 2022, the City provided approximately \$3,106,000 in funding to the Facility Authority. The City has a moral obligation to continue to provide funding to the Facility Authority both for debt service as well as ongoing construction projects.

**B. Basis of Presentation**

*Government-Wide Statements:* The statement of net position and the statement of activities report all of the nonfiduciary activities of the primary government and its component units. These statements include the financial activities of the overall government. These statements distinguish between the *governmental* and *business-type* activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**B. Basis of Presentation (Continued)**

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. *Direct expenses* are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. *Program revenues* include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as *general revenues*.

*Fund Financial Statements:* The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures, or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are spent and the means by which spending activities are controlled. The various fund categories and fund types presented in the financial statements are described below:

Governmental fund types

The City reports the following major governmental funds:

*General Fund:* The General Fund is the primary operating fund of the City. It accounts for all financial resources except those required to be accounted for in another fund.

*Community Development Fund:* The Community Development Fund is a special revenue fund that accounts for all financial resources used for the growth of the City through state, federal, and local grants and donations. Special revenue funds account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

*Capital Projects Fund:* The Capital Projects Fund accounts for financial resources that are restricted, committed, or assigned to expenditures for capital outlays including the acquisition or construction of capital facilities and other capital assets, other than those financed by proprietary funds.

*Special Revenue Fund:* The Special Revenue Fund accounts for and reports the proceeds of miscellaneous revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects.

The City reports the following nonmajor governmental funds:

*Special Revenue Funds:* These funds consist of the Virginia Department of Transportation, and Economic Development Funds.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**B. Basis of Presentation (Continued)**

Governmental fund types (Continued)

*Permanent Fund:* A permanent fund is used to report resources that are legally restricted to the extent that only the earnings, and not principal, may be used for purposes that support the government's program. The Cemetery Maintenance Fund is considered a permanent nonmajor fund. Earnings are used for maintenance of the City's cemetery, which is accounted for in the nonmajor cemetery enterprise fund.

Proprietary fund types

*Enterprise Funds:* Enterprise Funds account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expense incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City's major enterprise funds consist of the Wastewater, Water, Gas, and Electric funds.

The City's nonmajor enterprise funds consist of the Transportation, Sanitation, Telecommunication, and Cemetery Operations funds.

*Internal Service Funds:* Internal Service Funds account for the financing of goods or services provided by one department or other departments or agencies of the City on a cost-reimbursement basis. The Internal Service Funds are included in governmental activities for government-wide reporting purposes. The excess revenue or expenses for the funds are allocated to the appropriate functional activity. Internal service funds consist of the Motorized Equipment, Central Services, and Insurance funds.

Fiduciary fund types

*Pension Trust Fund:* The Pension Trust Fund accounts for assets held by the City in a trustee capacity for the City Employees' Retirement Plan.

*Custodial Fund:* The Custodial Fund accounts for assets held by the City as an agent or custodian for others. This fund consists of the Veterans' Memorial Fund.

*Interfund Activity:* During the course of operations the City has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements, such that only net amounts due between governmental and business-type activities are shown as internal balances.

Further, certain activity occurs during the year involving transfers of resources between funds. In the fund financial statements these amounts are reported at gross amounts as transfers in and out. Certain eliminations are made in the preparation of the government-wide financial statements.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**C. Measurement Focus and Basis of Accounting**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both “measurable” and “available.” Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period for most non-grant revenues. Reimbursement basis grants are recognized as revenue when all eligibility requirements are met and are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Intergovernmental revenues, consisting principally of categorical aid from federal and state agencies, are recognized when earned or at the time of the specific expenditure. Sales, communication, and public utility taxes, which are collected by the Commonwealth of Virginia and public utilities, respectively, and subsequently remitted to the City, are recognized as revenues and receivables when measurable and available.

Proprietary fund types utilize the accrual basis of accounting. Revenues are recognized when earned, including unbilled utility receivables, and expenses are recognized when incurred. Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund’s principal ongoing operations. The principal operating revenues of the enterprise funds and of the City’s internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fiduciary funds, including the Pension Trust Fund, utilize the accrual basis of accounting.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance**

- **Cash and cash equivalents**

All highly liquid investments (including restricted assets) with a maturity of three months or less when purchased are considered cash equivalents.

- **Investments**

Certificates of deposit and investments in SNAP and LGIP as discussed in Note 2 are reported at amortized cost. Other investments are stated at fair value.

- **Receivables**

Receivables are presented net of an allowance for doubtful accounts, which is calculated using historical collection data and specific account analysis. Demolition receivables consist of costs incurred to clean up certain properties; such amounts are billed to property owners and secured by a lien on the property. The City has included a 97% reserve for such amounts in the allowance for doubtful accounts. Incentive grant funds recoverable from recipients reflect amounts advanced under incentive grants where the recipient has failed to meet the grant requirements and the City has become liable to the Tobacco Commission for the funds. The City has recorded a reserve for 100% of these accounts.

- **Inventories**

Primary government

Inventories in the General Fund consist of supplies, valued using the average cost method, and are reported using the consumption method, in which an expenditure is reported when the supplies are removed from inventory and used. Inventories in the Enterprise Funds consist primarily of parts held for repairs or construction, and are valued using the average cost method.

Component units

Inventories for the Schools consist of various consumable supplies and food. Food commodities received from the United States Department of Agriculture (USDA) are carried at the value assigned by USDA.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance**  
**(Continued)**

- **Property Held For Sale**

Property held for sale by the City and IDA is recorded at the lower of cost or market. Cost is determined by the acquisition price, if purchased, or at estimated fair value at the date of gift, if donated. Costs of property improvements are capitalized.

- **Capital Assets**

Capital outlays are recorded as capital assets to the extent the City's capitalization threshold is met. Infrastructure has been capitalized retroactively to 1980. The capitalization threshold for purchased or constructed capital assets is \$5,000, except that the infrastructure threshold is \$100,000. All capital assets are valued at historical cost or estimated historical cost if actual cost is not available. The City does not capitalize historical treasures or works of art. The City maintains many items and buildings of historical significance. The City does not require that the proceeds from the sale of historical treasures or works of art be used to acquire other items for the collection. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value rather than fair value.

Maintenance, repairs, and minor equipment are charged to operations when incurred. Expenditures that materially change capacities or extend useful lives of capital assets are capitalized. Upon sale or retirement of land, buildings, and equipment, the cost and related accumulated depreciation, if applicable, are eliminated from the respective accounts, and any resulting gain or loss is included in current year's operations.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

	<u>City</u>	<u>DPS</u>	<u>IDA</u>
Buildings	40 years	40 years	40 years
Furniture and other equipment	3-20 years	5-10 years	15-40 years
Infrastructure	20-50 years	-	-

Leased assets are amortized over the shorter of the lease term or useful live of the underlying asset. In leases where a purchase option is reasonably certain of being exercised the asset is amortized over the useful life, unless the underlying asset is nondepreciable, in which the leased asset is not amortized.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance  
(Continued)**

- **Pensions and Other Postemployment Benefits (OPEB)**

For purposes of measuring all financial statement elements related to pension and OPEB plans, information about the fiduciary net position of the City's Plans and the additions to/deductions from the City's Plans' net fiduciary position have been determined on the same basis as they were reported by the Virginia Retirement System (the "VRS") or the Employees' Retirement System of the City of Danville, Virginia (the "ERS"). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

- **Deferred Outflows/Inflows of Resources**

In addition to assets, the statements that present net position report a separate section for *deferred outflows of resources*. These items represent a consumption of net assets that applies to future periods and so will *not* be recognized as an outflow of resources (expense) until then. In addition to liabilities, the statements that present financial position report a separate section for *deferred inflows of resources*. These items represent an acquisition of net assets that applies to future periods and so will *not* be recognized as an inflow of resources (revenue) until that time. The City and Schools have the following items that qualify for reporting as deferred inflows or outflows:

- Deferred loss on refunding. A deferred loss on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Due to the relationship with outstanding debt, these deferred outflows are included in the calculation of net position, net investment in capital assets.
- Contributions subsequent to the measurement date for pensions and OPEB are always a deferred outflow; this will be applied to the net pension or OPEB liability in the next fiscal year.
- Differences between expected and actual experience for economic/demographic factors as well as changes in actuarial assumptions in the measurement of the total pension or OPEB liabilities. These differences will be recognized in pension or OPEB expense over the expected average remaining service life of all employees provided with benefits in the plans and may be reported as a deferred inflow or outflow as appropriate.
- Difference between projected and actual earnings on pension and OPEB plan investments. This difference will be recognized in pension or OPEB expense over a closed five year period and may be reported as a deferred outflow or inflow as appropriate.
- At the government-wide level, the City reports deferred inflows for unearned property taxes, which are billed and/or collected but intended to fund future years.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance  
(Continued)**

- **Deferred Outflows/Inflows of Resources (Continued)**

- Unavailable revenue is reported only in the governmental funds balance sheet for receivables not collected within 60 days of year end. These amounts are deferred and recognized as inflows of resources in the period that the amounts become available.
- Changes in proportion and differences between employer contributions and proportionate share of employer contributions in the Virginia Retirement System's teacher cost sharing pool or OPEB cost sharing pool plans. This difference is deferred and recognized in expense over the average remaining service life of the employees who are subject to the plan, and may be reported as a deferred outflow or inflow as appropriate.
- Lease-related amounts are recognized at the inception of leases in which the City and IDA is the lessor. The deferred inflow of resources is recorded in an amount equal to the corresponding lease receivable plus certain additional amounts received from the lessee at or before the commencement of the lease term that relate to future periods, less any lease incentives paid to, or on behalf of, the lessee at or before the commencement of the lease term. The inflow of resources is recognized in a systematic and rational manner over the term of the lease.

- **Compensated Absences and Other Employee Benefits**

Expenditures for self-insured group hospitalization and workers' compensation claims in governmental funds are recorded when the liability has been incurred. Compensated absences are reported in governmental funds only when they are due. In enterprise funds, both the expenses and the liabilities are recorded as the benefits are earned. All liabilities, current and long-term, are recorded in the government-wide statements.

- a. **Vacation Pay**

The City's policy regarding vacation pay allows for the unlimited accumulation of unused benefits. Unused vacation is paid upon termination or retirement of employment up to the City's limits, which vary depending on employee classification. Such amounts are recorded as liabilities in the governmental fund financial statements when they have matured as a result of employee resignations and retirements. In proprietary funds, both the expenses and the liabilities are recorded as benefits as earned. All vacation pay is accrued when incurred in the government-wide financial statements. Each operating fund is responsible for covering its share of vacation pay liability. The DPS allows for the accumulation of vacation pay that may be used by employees upon retirement, but is not paid at termination.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance  
(Continued)**

- **Compensated Absences and Other Employee Benefits (Continued)**

- b. Sick Pay**

At the City accumulated sick leave benefits earned but unpaid at the end of the fiscal year are recorded as a liability at the balance sheet date to the extent they are not subject to payout limitations. Accumulated sick leave is paid to employees upon retirement at a rate of \$1.50 per hour up to a maximum of 960 hours (\$1,440 per employee). Up to one year of unused sick leave may be applied to total service years upon retirement for purposes of calculation of pension benefits. Sick leave is not paid to employees upon termination.

The DPS records accrued sick leave at a rate of \$15 a day. Sick leave is only paid out upon retirement or death, therefore, the DPS only accrues sick leave for employees 50 years of age or older.

- c. Group Health Insurance**

All permanent employees of the City, including elected officials and their staff, are eligible to participate in the City's group insurance program. The City contributes between 74% – 93.5% of the premium for active participating employees, dependent upon the plan the employee selects. The City is self-insured for group health insurance with the exception of \$225,000 in stop loss coverage per individual occurrence, and aggregate stop loss coverage of 125% after approximately \$12 million.

- d. Workers' Compensation**

The City is self-insured for all workers' compensation claims. Liabilities related to reported claims are estimated on a case-by-case review of all outstanding claims by an independent claims agent.

- **Long-Term Debt**

For governmental fund types, bond premiums or discounts as well as issuance costs are recognized during the current period. Bond proceeds and any premiums and discounts are reported as an other financing source. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures. For enterprise funds and on the government-wide financial statements bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method, which is not materially different from the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs are expensed in the year of issue.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance  
(Continued)**

- **Leases**

Key estimates and judgements include how the City and DPS determine (1) the discount rate it uses to discount the expected lease receipts and/or payments to present value, (2) lease term, and (3) lease receipts and or/payments.

- The City and DPS use an estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable periods of the lease. Lease receipts and payments are included in the measurement of the lease receivable or liability, respectively, and are composed of fixed payments.
- The City and DPS monitor changes in circumstances that would require a remeasurement of its leases, and will remeasure if certain changes occur that are expected to significantly affect the amount of the lease receivable or liability.

- **Right-of-Use Lease Asset and Related Lease Liability**

The City and DPS are lessees for noncancellable leases of equipment. The City and DPS recognize an intangible right-to-use asset (lease asset) and a related lease liability of the financial statements. At the commencement of a lease, the City and DPS initially measure a lease liability at the present value of payments expected to be made during the lease period. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain direct costs. Subsequent to the initial measurement and recognition, the lease asset is amortized on a straight-line basis over its useful life.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt in the statement of net position.

- **Net Position/Fund Balance**

Net position in government-wide and proprietary financial statements is classified as net investment in capital assets, restricted, and unrestricted. Restricted net position reflects constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statutes.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance  
(Continued)**

- **Net Position/Fund Balance (Continued)**

In the fund financial statements, fund balance is divided into five classifications based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The classifications are as follows:

***Nonspendable*** – includes amounts associated with inventories, prepaids, long-term loans, and notes receivable.

***Restricted*** – includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

***Committed*** – includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the highest level of decision making authority, a formal resolution – City Council. These committed amounts cannot be used for any other purpose unless City Council removes or changes the specified use by taking the same type of action it employed to previously commit those amounts. Committed fund balance also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

***Assigned*** – includes amounts intended to be used by the City for specific purposes but which do not meet the criteria to be classified as restricted or committed. In governmental funds other than the General Fund, assigned fund balance represents the remaining amount that is not restricted or committed. Assignments are made through the budget process and periodic financial reviews with the joint approval of the City Manager and the Director of Finance.

***Unassigned*** – consists of the residual amounts in the City’s General Fund.

The City has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Director of Finance will use resources in the following hierarchy: bond proceeds, federal funds, state funds, local non-City funds, and City funds. For purposes of fund balance classification expenditures are to be spent from restricted fund balance first, followed by committed fund balance, then assigned fund balance, and lastly unassigned fund balance. The Director of Finance has the authority to deviate from this policy if it is considered in the best interest of the City.

The City has a policy to maintain a minimum unassigned fund balance within its General Fund of not less than 20% of operating revenues. If fiscal year end results show an increase to the unassigned fund balance, half of this increase will be as added to the City’s budget stabilization balance. In 2012, City Council created a budget stabilization policy which is intended to sustain future service levels if General Fund revenues decline by more than 1.00%. Use of the funds require action by City Council, and draws from the fund are to be accompanied by cost-saving measures. The balance may not exceed 5.00% of the previous year’s General Fund revenues.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position/Fund Balance (Continued)**

- **Regulatory Assets and Deferred Inflows**

The City's Electric and Gas Funds apply regulatory accounting principles to certain power and gas costs, which result in regulatory assets or deferred inflows. City statutes provide that the City Utilities, over time, will adjust customers' electric and natural gas bills, for changes between expected and actual costs of purchased gas and power.

**E. Estimates**

Management uses estimates and assumptions in preparing its financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent liabilities, and reported revenue, expenditures, and expenses. Actual results could differ from these estimates.

**F. Budgetary Information**

Prior to April 1, the City Manager submits to City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means to finance them. After a public hearing has been conducted to obtain taxpayer comments, the budget is legally adopted through passage of an ordinance prior to July 1, of each year.

The legal level of budgetary control is effective at the fund level. The City Manager is authorized to transfer budgeted amounts within each fund. Transfers between funds require City Council approval.

An annual operating budget is adopted for only the General Fund. All budgets are presented on the modified accrual basis of accounting. Effective budgetary control is achieved for the Capital Projects Fund and Special Revenues Funds on a project-by-project or per grant basis when funding sources become available.

Budgets are adopted for management control for the Enterprise and Internal Services Funds. The restrictions on transfer of budgeted amounts for governmental funds also apply to the Enterprise and Internal Service Funds, except in the Gas and Electric Funds. Amounts in those funds budgeted for the purchase of natural gas and electric power may be increased to the extent that actual revenues exceed the original budgeted revenue.

All appropriations lapse at year end except appropriations within the Capital Projects Fund and Special Revenue Funds, which are continued until completion of the applicable projects or grants, even when such projects or grants extend beyond one fiscal year.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**G. Fair Value Measurements**

The City categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America (GAAP). The hierarchy is based on the valuation inputs used to measure the fair value of the asset and are described as follows:

- Level 1 inputs are quoted prices in active markets for identical assets;
- Level 2 inputs are significant other observable inputs; bond valued by a pricing service that uses matrix price;
- Level 3 inputs are significant unobservable inputs.

**Note 2. Deposits and Investments**

**Deposits**

Deposits with banks are covered by the Federal Deposit Insurance Corporation (FDIC) and collateralized in accordance with the Virginia Security for Public Deposits Act (the “Act”) Section 2.2-4400 et. seq. of the *Code of Virginia*. Under the Act, banks and savings institutions holding public deposits in excess of the amount insured by the FDIC must pledge collateral to the Commonwealth of Virginia Treasury Board. Financial institutions may choose between two collateralization methodologies and depending upon that choice, will pledge collateral that ranges in amount from 50% to 130% of excess deposits. Accordingly, all deposits are considered fully collateralized.

**Investments**

**Investment policy**

In accordance with state statutes, the current investment policy (the “Policy”) of the City authorizes investments in obligations of the United States and agencies thereof, commercial paper, repurchase agreements which are collateralized with securities that are approved for direct investment, the Virginia State Non-Arbitrage Program (SNAP) or other authorized Arbitrage Investment Management programs, and the State Treasurer’s Local Government Investment Pool (the Virginia LGIP). SNAP is overseen by the Treasurer of Virginia and the State Treasury Board. Pursuant to Sec. 2.1-234.7 of the *Code of Virginia*, the Treasury Board of the Commonwealth sponsors the LGIP and has delegated certain functions to the State Treasurer. The carrying values of the position in LGIP and SNAP are the same as the value of the pool shares (i.e., both maintain a stable net asset value of \$1 per share in accordance with GASB No. 79). The Policy specifies that no investment may have a maturity greater than one year from date of purchase, unless matched to a specific cash flow.

The City’s investments are subject to credit risk, concentration of credit risk, interest rate risk, and custodial risk as described below. The City’s investments are not subject to foreign currency risk.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 2. Deposits and Investments (Continued)**

**Investments (Continued)**

**Credit risk**

As required by state statute, the Policy requires that commercial paper have a short-term debt rating of no less than “A-1” or “P-1” (or its equivalent) from Moody’s Investors Service or Standard & Poor’s. Corporate notes and certificate of deposits maturing in more than one year shall be defined as rated by Standards & Poor’s no lower than “AA” or by Moody’s as no lower than “Aa.” Certificates of deposit maturing in less than one year must have a short-term debt rating of at least “A-1” by Standard & Poor’s or “P-1” by Moody’s Investors Service.

Although state statute does not impose credit standards on repurchase agreement counterparties, bankers’ acceptances, or money market mutual funds, the City has established stringent credit standards for these investments to minimize portfolio risk.

**Concentration of credit risk**

The Policy establishes limitations on portfolio composition by issuer in order to control concentration of credit risk. The Policy establishes limitations on the holdings on non-U.S. government obligations. The maximum percentage of the portfolio (book value at the date of acquisition) permitted for commercial paper and corporate notes are 35% of the portfolio.

**Interest rate risk**

As a means of limiting exposure to fair value losses arising from rising interest rates, the Policy limits the investment of operating funds to investments with a stated maturity of no more than five years from the date of purchase.

**Custodial credit risk**

The Policy requires that all investment securities purchased by the City be held by the City or by a third-party custodial agent who may not otherwise be counterparty to the investment transaction. As of June 30, all of the City’s investments are held in a custodian’s trust department in the City’s name.

Restricted cash at June 30, 2022, consisted of:

	<b><u>Primary Government</u></b>
Unspent bond proceeds	\$ 151,230,569
Unspent grants	1,325,500
Cemetery perpetual care	2,956,665
State and federal forfeiture funds	278,851
	<b><u>\$ 155,791,585</u></b>

**Employees' Retirement System Investments**

All investments of the Employees' Retirement System (the "System") are to adhere to the Board of Trustees Statement of Policy and Guidelines adopted on August 13, 1997, as amended. The Investment Consultant and the Executive Secretary of the Board will review compliance with these policies and guidelines on a regular basis. They shall report to the Trustees on a timely basis any violations, exceptions, required reports, and/or requests made by the investment managers with respect to the stated policies.

In accordance with these guidelines, investments are reported at fair value. Temporary cash investments are reported at cost, which approximates fair value. Each advisor has been apportioned funds assuming that they will be fully invested in his assigned sector with no more than 5-10% in cash equivalents. Securities traded on national or international exchanges are valued at quoted market prices as of the date of the statement of plan net position. The fair value of the real estate investment and the real estate – timberland investment is based on an independent appraisal. Certain of the System's investments are held with partnerships or other common funds where value is reported on a net asset value (NAV) per share, and is estimated by the fund manager.

Based on an asset study completed in 2022, the Trustees implemented the following asset deployment (based upon market value) to best achieve the long-term goals of the System in terms of compound total rate of return and assumed risk:

Domestic Equities	35%
Bonds	20
Real Estate	15
International Equities	10
Emerging Markets	10
Real Estate – Timber	5
Private Equity	5

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 2. Deposits and Investments (Continued)**

**Employees' Retirement System Investments (Continued)**

This target mix has been chosen for the aggregate total portfolio. From time to time, the actual mix will fluctuate based on market conditions, performance, and cash flow considerations. However, it is desired that the fluctuations be kept to a minimum. From time to time, the Trustees may redeploy assets among the managers to balance the portfolio in accordance with the above target. As the portfolio grows, additional specialties may be used in addition to the ones above. The aggregation of domestic and international equities will be considered as part of the total equity allocation and real estate will be considered as part of the bond allocation for these purposes.

For the year ended June 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -6.07%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**Interest rate risk**

The System had the following investments subject to interest rate risk as of June 30, 2022:

Investment Type	Fair Value	Investment Maturities (in years)			
		Less than 1	1 – 6	6 – 10	More than 10
Corporate bonds	\$ 35,587,167	\$ 5,099,611	\$ 13,610,422	\$ 5,248,649	\$ 11,628,485
Government backed CMOs	16,927,021	-	-	-	16,927,021
Government bonds	8,110,080	-	1,515,114	1,215,181	5,379,785
Non-government backed CMOs	1	-	-	-	1
Government agencies	251,678	-	-	-	251,678
		<u>\$ 5,099,611</u>	<u>\$ 15,125,536</u>	<u>\$ 6,463,830</u>	<u>\$ 34,186,970</u>
Temporary cash investments	<u>3,112,208</u>				
Total – subject to interest rate risk	<u>\$ 63,988,155</u>				

These investments are included on the statement of fiduciary net position as:

Temporary cash investments	\$ 3,112,208
Corporate bonds and bond funds	35,587,167
U.S. government bonds	<u>25,288,780</u>
	<u>\$ 63,988,155</u>

The System's investment policy does not limit investment maturities.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 2. Deposits and Investments (Continued)**

**Employees' Retirement System Investments (Continued)**

**Credit risk**

The System's formal investment policy requires a minimum rating of A by Standard & Poor's for any corporate bond at the time the bond is acquired.

The System's exposure to credit risk as of June 30, 2022 is as follows:

<b>Investment Type/Rating</b>	<b>AAA</b>	<b>AA</b>	<b>A</b>	<b>BBB</b>	<b>U.S. Government Guaranteed</b>	<b>Not rated</b>	<b>Total</b>
Non-government backed							
CMOS	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 1	\$ 1
Government agencies	-	251,678	-	-	-	-	251,678
Government backed							
CMOS	-	-	-	-	16,927,021	-	16,927,021
Government bond funds	-	-	-	-	5,407,651	2,702,429	8,110,080
Corporate bond funds	1,269,938	3,267,844	15,416,792	13,868,775	-	1,763,818	35,587,167
Short-term investments	-	-	-	-	-	3,112,208	3,112,208
	<u>\$ 1,269,938</u>	<u>\$ 3,519,522</u>	<u>\$ 15,416,792</u>	<u>\$ 13,868,775</u>	<u>\$ 22,334,672</u>	<u>\$ 7,578,456</u>	<u>\$ 63,988,155</u>

**Concentration of credit risk**

The System's formal policy limits investments in any corporate entity to 5.00% of the outstanding shares in a company or 15 times the average daily trading volume for that stock. The policy prohibits any one corporate bond holding from exceeding 10% of the portfolio, at market value. The policy also limits total bond holdings in any corporation to 10% of the long-term indebtedness of that corporation.

The System did not have any single investment over 5.00% of the total investments of the system.

**Foreign currency risk**

All foreign investments are valued in United States dollars. The asset allocation policy of the System allows the managers to invest in equity securities of any developed country provided that no more than 20% of the total assets are in any one developed country except Japan where the maximum is 25%.

**Unfunded commitments**

The System had non-marketable alternative investments that have associated unfunded commitments at June 30, 2022. These investments were in private equity, which had a fair value of \$9,370,686 and unfunded commitments of \$7,170,314 at June 30, 2022.

Unfunded commitments are drawn down throughout the life of the investment based on the cash needs of each individual limited partnership or real estate manager. Limited partnerships with unfunded commitments generally have remaining lives of 4 to 10 years.

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 2. Deposits and Investments (Continued)**

**Employees' Retirement System Investments (Continued)**

Fair value (Continued)

Securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Debt securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices.

Equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities.

Government bonds, corporate bonds, and collateralized mortgage obligations classified in Level 2 of the fair value hierarchy are valued on the basis of evaluated prices provided by independent pricing services when such prices are believed to reflect the fair value of such securities. Such prices may be determined by taking into account a security's price, yield, maturity, call feature, rating, or institutional-size trading in similar groups of securities and developments related to specific securities.

**Investments Measured at NAV**

Investments measured at NAV per share are as follows:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Real estate funds	\$ 51,007,249	\$ -	Quarterly	90 or 10 day, varies per fund
Real estate funds – timberland	7,506,240	-	Not eligible	N/A
Private equity funds	<u>9,370,686</u>	<u>7,170,314</u>	Not eligible	N/A
Total investments measured at NAV	<u>\$ 67,884,175</u>	<u>\$ 7,170,314</u>		

*Real estate funds.* This type includes open-end diversified core real estate commingled funds which primarily invests in institutional quality industrial, multi-family, office, and retail properties located throughout the U.S. The fair values of the investments have been determined using NAV per share (or its equivalent) based on valuations from the fund managers using appraisals from independent appraisers, using various valuation methods, including the income approach, cost basis approach and discounted cash flow method. In most cases, a combination of these methods is used.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 2. Deposits and Investments (Continued)**

**Investments Measured at NAV (Continued)**

*Real estate funds – timberland.* This type includes two funds which were established to invest and reinvest assets of members primarily in interests in real property, which is to be timberland and timber; contracts or agreements for the cutting and/or use of timber on timberland; and in such other assets as deemed appropriate to establish proper portions of liquid assets for the funds. The fair values of the investments have been determined using NAV per share (or its equivalent) based on valuations from the fund managers which uses appraisals from independent appraisers which determine the value using cost approach, sales comparison approach or income approach.

*Private equity funds.* This type includes three closed-end commingled funds that take private ownership of companies. The fair values of the investments have been determined using the NAV per share (or its equivalent) of the ERS's ownership interest in partners' capital. All of the investments are generally considered to be illiquid investments. Distributions from each fund will be received as the underlying investments of the funds are liquidated. It is expected that the underlying assets of the funds will have a life from 6 to 12 years from inception. It is also possible for the investments to be sold in the secondary market.

**Note 3. Property Taxes**

The City levies real estate taxes on all real property on a fiscal year basis, at a rate enacted by the City Council on the assessed value of property (except public utility property) as determined by the Director of Real Estate Assessments of the City. The Commonwealth of Virginia assesses public utility property. Neither the City nor the Commonwealth of Virginia imposes a limitation on the tax rate. All property is assessed at 100% of fair market value and reassessed each year as of July 1 at which time property taxes attach as an enforceable lien. The Director of Real Estate Assessments, by authority of City ordinance, prorates billings for property where construction is incomplete as of July 1, but completed during the year. Any taxes paid after the due date are subject to a 10% penalty. Real estate taxes are billed in equal semi-annual installments due December 5 and June 5. The tax rate effective for fiscal year 2022 was \$0.84 per \$100 of assessed value.

Personal property tax assessments on tangible business property and all motor vehicles are based on 100% of fair market value of the property as of January 1 of each year. For a vehicle, the tax may be prorated for the length of time the vehicle is in the City. Personal property taxes do not create a lien on property. Interest at the rate of 10% per annum is added to the delinquent tax and penalty. The taxes receivable balance at June 30, 2022 includes amounts not yet received from the January 1, 2022 levy due June 5, 2022. Personal property taxes are billed in equal semi-annual installments due June 5 and December 5. The tax rate for fiscal year 2022 was \$3.60 for motor vehicles and tangible property and \$1.50 for machinery and tools per \$100 of assessed value. Under the provisions of the Personal Property Tax Relief Act of 1998, the state's share of the local personal property tax payment is an annual amount of \$3,593,576.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 6. Energy Cost Adjustments**

The City's Electric and Gas Funds apply regulatory accounting principles to certain power and gas costs, which result in regulatory assets or deferred inflows. City statutes provide that the City utilities, over time, will adjust customers' electric and natural gas bills for changes between expected and actual costs of purchased gas and power.

Energy cost adjustments at June 30 consist of wholesale costs in the Gas and Electric Funds that have been passed on to consumers, but are expected to be recovered by the consumers through future rate differentials. These rate differentials are primarily accomplished through the City's power cost adjustment (PCA) rate component.

**Note 7. Loans Receivable**

The City provides several types of housing loans to low income citizens within the City through awards from the U.S. Department of Housing and Urban Development (HUD). Substantially all of the loans, except for those below \$3,000 in amount, are secured by a first or second deed of trust on the related real estate. These loans consist of the following:

Deferred loans – no monthly principal payments are due. The full amount of the loan becomes due if the house is no longer occupied as primary residence by the designated owner. No interest is charged on these loans.

Low interest loans – these loans are generally amortized over 10 years if under \$5,000 or over 20 years if over \$5,000. The loans bear interest at 4.00% to 6.00% and the maximum loan amount is \$40,000.

Forgivable loans – no interest is charged and 20% of the principal balance is forgiven at each anniversary date of the loan. The maximum forgivable loan amount is \$30,000 for houses under 1,400 square feet and \$40,000 for houses over 1,400 square feet.

Revitalization loans – As part of blight removal and revitalization efforts the City may rehabilitate a property through repair, demolition, or new construction, and then deed the property to the Danville Redevelopment Housing Authority (DRHA). The property must then be sold to qualified low income buyers, often through rent-to-own arrangements, and proceeds are returned to the City for similar reinvestments.

	<u><u>\$    2,490,222</u></u>	<u><u>\$    2,490,222</u></u>

Interfund receivables and payables arise primarily to provide short-term advances to other funds as needed. The General Fund may serve as a purchaser or source of liquidity for other funds in the normal course of operations.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 8. Interfund Balances and Activity (Continued)**

Transfers between funds for the current year were as follows:

	<u>Transfers In</u>	<u>Transfers Out</u>	<u>Net Transfers</u>
Governmental Funds:			
General Fund	\$ 16,382,603	\$ (4,248,960)	\$ 12,133,643
Capital Projects Fund	4,422,857	(213,240)	4,209,617
Special Revenue Fund	<u>1,400,920</u>	<u>(2,920,540)</u>	<u>(1,519,620)</u>
	<u>\$ 22,206,380</u>	<u>\$ (7,382,740)</u>	<u>\$ 14,823,640</u>
Enterprise Funds:			
Wastewater Fund	\$ -	\$ (830,760)	\$ (830,760)
Water Fund	-	(1,078,300)	(1,078,300)
Gas Fund	-	(3,321,330)	(3,321,330)
Electric Fund	-	(10,697,610)	(10,697,610)
Sanitation Fund	632,000	-	632,000
Telecommunication Fund	-	(81,000)	(81,000)
Internal Service Fund	<u>553,360</u>	<u>-</u>	<u>553,360</u>
	<u>\$ 1,185,360</u>	<u>\$ (16,009,000)</u>	<u>\$ (14,823,640)</u>

Transfers from the General Fund to the Capital Projects Fund represent the City's budgeted pay-as-you-go funding for capital projects.

Transfers from the General Fund to the Special Revenue Fund represent City funds required to match grant program resources.

Transfers from the Enterprise Funds are received by the General Fund, and represent contributions from these funds to support the City's operations.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 9. Balances Between City and Component Units**

Due to/from balances between the City and its component units are as follows:

	<u>Due From</u>	<u>Due To</u>
Primary Government:		
Governmental Activities	\$ 15,176,015	\$ -
Component Units:		
Danville Public Schools	\$ -	\$ 1,605,672
Danville Industrial Development Authority – payable	-	11,343
Danville Industrial Development Authority – loan	-	13,559,000
	-	15,176,015
Less: long-term portion	-	(12,988,000)
Current portion	\$ -	\$ 2,188,015

On September 1, 2013, the IDA issued a taxable revenue bond in the amount of \$7,160,000. As part of the debt issuance documents, the City has agreed to appropriate annual payments to the IDA for debt service. This bond was refunded in fiscal year 2017 and again in 2021. The new interest rate for the bond is 1.49% and is scheduled to be paid off in fiscal year 2028.

In May 2021, the IDA issued a taxable Public Facility Lease Revenue Note in the amount of \$10 million, the proceeds of which were placed in unspent bond proceeds. As part of the debt issuance documents, the City has agreed to appropriate annual payments to the IDA for debt service, therefore upon the consummation of this agreement the IDA recognized a \$10 million receivable from the City and a corresponding amount of economic development revenue from the City.

The IDA also has \$11,343 receivable from the City for property maintenance at June 30, 2022.

These amounts are due in the following installments:

<u>Year Ending</u> <u>June 30,</u>	<u>Due From</u> <u>City To IDA</u>	
	<u>Principal</u>	<u>Interest</u>
2023	\$ 571,000	\$ 214,898
2024	580,000	206,361
2025	588,000	197,689
2026	10,597,000	175,224
2027	606,000	15,965
2028	617,000	4,597
	<u>\$ 13,559,000</u>	<u>\$ 814,734</u>

\* Amounts have been restated to include items related to the implementation of GASB Statement No. 87, *Leases*.

Compensated absences and workers' compensation, for governmental activities, are typically paid from the General Fund.

**Tobacco commission obligation**

The City, in conjunction with the IDA, has noted that certain grant recipients are not performing under their agreements with the City and Tobacco Commission. In accordance with the grant agreements, the City is liable to the Tobacco Commission up to the full amount of the Tobacco Commission funds provided in the original award. The City reached an agreement to repay these funds to the Tobacco Commission over four years, and will attempt to recover the funds from the grant recipients.

Component unit obligations

A summary of the changes in long-term liabilities reported by DPS and the IDA is as follows:

	<b>Beginning Balance*</b>	<b>Increases</b>	<b>Decreases</b>	<b>Ending Balance</b>	<b>Due Within One Year</b>
<b>DPS</b>					
Compensated absences	\$ 1,550,382	\$ 520,800	\$ (713,000)	\$ 1,358,182	\$ 625,000
Lease liability	4,995,404	62,815	(623,860)	4,434,359	539,703
Entering retirement in phases plan	173,109	-	(126,074)	47,035	30,795
	<u>\$ 6,718,895</u>	<u>\$ 583,615</u>	<u>\$ (1,462,934)</u>	<u>\$ 5,839,576</u>	<u>\$ 1,195,498</u>
<b>IDA</b>					
Notes payable	\$ 8,958,564	\$ 20,561	\$ (989,517)	\$ 7,989,608	\$ 536,877
Revolving loan fund – USDA	99,000	-	-	99,000	-
Bonds payable	14,121,000	-	(562,000)	13,559,000	571,000
	<u>\$ 23,178,564</u>	<u>\$ 20,561</u>	<u>\$ (1,551,517)</u>	<u>\$ 21,647,608</u>	<u>\$ 1,107,877</u>

\* Amounts have been restated to include items related to the implementation of GASB Statement No. 87, *Leases*.

IDA

The annual requirements to amortize long-term debt and related interest are as follows:

<b>Fiscal Year</b>	<b>Bonds Payable</b>		<b>Notes from Direct Borrowings</b>	
	<b>Principal</b>	<b>Interest</b>	<b>Principal</b>	<b>Interest</b>
2023	\$ 571,000	\$ 214,898	\$ 536,877	\$ 348,282
2024	580,000	206,361	1,400,642	324,558
2025	588,000	197,689	1,121,772	274,696
2026	10,597,000	175,223	1,147,110	193,077
2027	606,000	15,965	423,290	225,449
2028-2032	617,000	4,597	2,704,083	297,627
2033-2037	-	-	655,834	13,330
	<u>\$ 13,559,000</u>	<u>\$ 814,733</u>	<u>\$ 7,989,608</u>	<u>\$ 1,677,019</u>

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 12. Leases**

City and the IDA as Lessor

In 2022, the City and IDA implemented the guidance of GASB No. 87, *Leases*, which for lessors requires recognizing a lease receivable and deferred inflow of resources in the financial statements.

In July 2021, the City entered into a lease as a lessor with Averett University for aeronautical services at the Danville Regional Airport. An initial lease receivable was recorded in the amount of \$61,759. As of June 30, 2022, the value of the lease receivable is \$44,327. The lessee is required to make monthly fixed payments of \$1,500 and the lease has an incremental borrowing rate of 1.17%. The value of the deferred inflow of resources as of June 30, 2022 was \$44,114 and the City recognized lease revenue of \$17,646 during the fiscal year.

The City also has a lease as lessor with Danville Baseball Club LLC expiring in December 2029. An initial lease receivable was recorded in the amount of \$343,129. As of June 30, 2022, the value of the lease receivable is \$302,289. The lessee is required to make yearly fixed payments of \$32,500 with a 1.50% annual escalator. The lease has an incremental borrowing rate of 1.84%. The value of the deferred inflow of resources as of June 30, 2022 was \$299,822 and the City recognized lease revenue of \$39,976 during the fiscal year.

The IDA, as a lessor, has various leases to local companies with various terms and renewal options. These businesses have received incentives through the Authority to locate, expand, or remain in the Danville area. Lease payments are based on the principal loan balance the Authority owes on the individual properties. These leases have remaining terms of 3-5 years with options to extend between 8 and 15 years. The Authority uses its estimated incremental borrowing rate as the discount rate for the leases. The total amount of inflows of resources, including lease revenue, interest revenue, and other lease-related inflows, recognized for the year ended June 30, 2022 was \$894,153. As of June 30, 2022, the Authority's lease receivable, including interest, for these payments total \$8,094,880.

The IDA's leases consist of the following minimum future lease payments:

<b>Year Ending June 30,</b>	
2023	\$ 639,112
2024	666,980
2025	657,741
2026	679,024
2027	642,860
Thereafter	<u>4,779,622</u>
	<u><u>\$ 8,065,339</u></u>

**Note 12. Leases (Continued)**

City and DPS as Lessee

In 2022, the City and DPS implemented the guidance of GASB No. 87, *Leases*, which for lessees requires reporting an intangible right-to-use-asset and a lease liability for leases that had previously been reported as operating and capital leases.

The City has leases for various equipment such as copiers and postage machines for periods expiring July 2022 through May 2027. The City uses its estimated incremental borrowing rate as the discount rate unless an interest rate is explicitly stated in each lease. The value of right-to-use lease asset balances and related accumulated amortization as of year-end are disclosed in Note 10. The related debt as well as principal and interest requirements to maturity are disclosed here in Note 11.

DPS has leases for various equipment primarily copiers and building space for periods expiring July 2022 through August 2027. DPS uses its estimated incremental borrowing rate as the discount rate unless an interest rate is explicitly stated in each lease. The value of right-to-use lease asset balances and related accumulated amortization as of year end are disclosed in Note 10. The related debt as well as principal and interest requirements to maturity are disclosed here in Note 11.

DPS – lease liability

An equipment lease purchase agreement was executed on October 18, 2017 in the amount of \$4,242,000 to finance the energy performance contract for the purpose of the purchase and installation of specified energy saving equipment designed to save energy and reduce related costs for identified property and buildings owned by the Schools. The Schools recorded a liability for this agreement at the time it was executed. The obligation bears interest at 2.295% with principal and interest due annually from October 2018 through October 2032.

Aggregate maturities are as follows:

<b>Year Ending June 30,</b>	<b>Lease Liability</b>	
	<b>Principal</b>	<b>Interest</b>
2023	\$ 539,703	\$ 104,753
2024	547,702	90,490
2025	592,415	72,290
2026	304,860	63,305
2027	318,679	56,295
2028-2031	1,728,000	168,430
2032-2033	403,000	9,249
	<u>\$ 4,434,359</u>	<u>\$ 564,812</u>

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 13. Landfill Postclosure Costs**

The City closed its former landfill site in 1993. In accordance with federal and state laws, the City placed a final cover on this site and was required to perform certain maintenance and monitoring functions for a minimum of ten years after closure. The presence of certain contaminants has been detected in the groundwater on adjacent property, and the City is subject to a corrective action plan that requires continued monitoring of the site until at least 2031. Management estimates that remaining postclosure monitoring costs will be approximately \$810,000 as of June 30, 2022, which has been recorded as a liability in the Sanitation Fund. Actual costs may be higher due to inflation, changes in technology, changes in regulations, or other unforeseen circumstances.

**Note 14. Unavailable/Unearned Revenue**

The components of unavailable/unearned revenues in the City's governmental activities and governmental funds are as follows:

Taxes receivable – unavailable	\$ 4,960,573
Deferred taxes – unearned	6,137,394
Prepaid business licenses – unearned	131,307
Other receivables – unavailable	<u>1,499,452</u>
 Total unavailable/unearned revenue – governmental funds	 12,728,726
 Less deferrals for unavailability	 <u>(6,460,025)</u>
 Deferred inflows – statement of net position	 <u><u>\$ 6,268,701</u></u>

**Note 17. Danville Employees' Retirement System**

**Plan Description**

The Employees' Retirement System of the City of Danville, Virginia (ERS), a single-employer defined benefit plan, was established on January 1, 1946, and was placed under the management of the Board of Trustees for the purpose of providing retirement, disability, and death benefits for full-time permanent employees in accordance with Chapter 32 of the *Danville City Code*. The City makes contributions to the ERS, which acts as administrator. As such, the ERS functions as an investment and administrative agent for the City with respect to the plan. The ERS is a fiduciary fund and is included in this report as a pension trust fund.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 17. Danville Employees' Retirement System (Continued)**

**Plan Description (Continued)**

The retirement allowance for a public safety employee consists of an annuity equal to the amount provided by the contributions of the member up to the time of his or her retirement, plus a pension which will total an amount equal to 1/50<sup>th</sup> or 2.00% of the final three-year average salary multiplied by the number of years of creditable service. A public safety employee, with at least five years of service, may retire early after reaching the age of 55 and receive reduced benefits. Effective September 1, 2018, for public safety employees, the benefit multiplier changed from 2.00% to 2.20%.

Pension provisions include disability benefits whereby a member who becomes totally and permanently incapacitated and who has completed five years of creditable service is eligible to receive a disability retirement allowance. The allowance begins at the time of the disability and is based on creditable service to date and a projection of creditable service assuming no disability. The allowance is offset by any workers' compensation benefits if the disability is work related.

If, after five years of service, an active member should die at any time prior to retirement, a retirement allowance shall be payable to either the spouse, minor child, or parent of the member. Such retirement allowance will be continued during the lifetime of such person, or in the case of a minor child, until such time as the child dies or attains majority. For members employed prior to October 1, 1991, the beneficiary may elect to receive as a lump sum the member's accumulated contributions, with interest, in lieu of any other benefits under the ERS.

**Employees Covered by Benefit Terms**

As of the July 1, 2021 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<b><u>Members</u></b>
Inactive members:	
Terminated vested members	343
Retired members	<u>724</u>
Total inactive members	1,067
Active members	<u>926</u>
Total covered employees	<u><u>1,993</u></u>

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 17. Danville Employees' Retirement System (Continued)**

**Contributions**

Contributions made by the City on behalf of active members are established by the City of Danville, based on actuarial estimates (performed annually on July 1) of future plan benefits to be paid. Since March 1, 1979, employees' contributions have been paid by the City. Contributions for employees hired after September 30, 1991 are considered to be 100% City contributions. These contributions, like the City's portion of pre-October 1, 1991 employees, vest after five years of creditable service. The contribution rate made on behalf of active members is currently 4.533% of compensation for general employees and 10.380% of compensation for public safety employees. Contributions to the pension plan from the City were \$3,516,085 and \$3,853,028 for the years ended June 30, 2022 and 2021, respectively.

Employees hired after September 1, 2019 are required to make contributions to the plan. The contribution rate made by active members is currently 2.267% of compensation for general employees and 5.380% of compensation for public safety employees.

The portion of contributions to the plan made by the City on behalf of members' vests immediately with the employees. The remainder of the contributions vests after five years of creditable service.

Prior to 2013, the City generally awarded cost-of-living adjustments (COLAs) to retirees, and an expectation for COLAs was included in assumptions used to calculate the actuarial accrued liability. In 2012, the City Council approved an ordinance to state that retirees will no longer receive COLAs, effective July 1, 2013. On the same date, the City Council adopted a resolution to approve a new retiree bonus policy. The retiree bonus policy calls for a one-time bonus for retirees each year that certain criteria are met. In no case would the retiree bonus exceed 50% of a retiree's monthly benefit. The bonuses will be funded directly from the City's budget, and must be approved by City Council when bonus criteria are met. Council may choose to follow, modify, or ignore the bonus policy. The first such bonus, totaling \$415,000, was awarded in the fall of 2014, and was recognized as a contribution into the plan for the year ending June 30, 2015. The most recent bonus was issued in June 2019, and was for \$259,890. No retiree bonuses were issued for 2022.

**Measurement Date**

The City's net pension asset was measured as of June 30, 2022. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation performed as of July 1, 2021, using updated actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 17. Danville Employees' Retirement System (Continued)**

**Actuarial Assumptions**

The total pension liability in the City's Retirement Plan was based on an actuarial valuation as of July 1, 2021, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2022.

Inflation	2.50%
Salary increases, including inflation	5.50% for the first 15 years; 3.50% after Police/Fire 4.75% for all years
Investment rate of return	7.00%, net of pension plan investment expense, including inflation
Mortality: Healthy and Disabled Lives	
Pub-2010G Mortality Table.	
Disability:	
PR-2000 Disabled Table.	

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of actuarial experience analysis during the 2015 to 2020 time period.

***Actuarial Cost Method***

The method of valuation used for pension benefits is called the Entry Age Normal Method. Under this method, investment gains and losses are smoothed over five years, and an open 30 year level dollar amortization of unfunded liability is used while the funding ratio is near or above 100%.

***Employees Included in the Calculations***

All regular, full-time employees on the valuation date are included in the calculations. Former employees or their survivors who are entitled to an immediate or deferred benefit under the provisions of the plan as indicated by the employee data are also included.

**Pension Plan Fiduciary Net Position**

Detailed information about the Employees' Retirement System of the City of Danville, Virginia's Fiduciary Net Position is available in the separately issued 2022 Annual Comprehensive Financial Report (Annual Report). A copy of the 2022 ERS ACFR may be downloaded from the City's website at <http://www.danville-va.gov/360/Employees-Retirement-System-Board> or by writing to the Finance Director, 427 Patton Street, Danville, VA 24541.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 17. Danville Employees' Retirement System (Continued)**

**Long-Term Expected Rate of Return**

The long-term expected rate of return on pension investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. This is then modified through a Monte-Carlo simulation process, by which a (downward) risk adjustment is applied to the baseline expected return. The risk adjustment may also reflect the City's selection of a more conservative assumption. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2022, and the final investment return assumption, are summarized in the following table:

<b>Asset Class (Strategy)</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Domestic Equity	5.95 %	45.00 %
International Equity	6.25	10.00
Fixed Income – U.S. Investment Grade	1.50	20.00
Private Equity/Timber	7.25	10.00
Real Estate	4.95	15.00
Cash Equivalents	0.20	0.00
Total weighted average real return	5.07	100.00 %
Inflation	2.50	
Total Return without Adjustment	7.57	
Risk Adjustment	(0.57)	
Total Expected Return	7.00 %	

**Discount Rate**

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2022, the City recognized pension expense for the ERS of \$6,474,664. At June 30, 2022, the City reported deferred outflows of resources and deferred inflows of resources related to the ERS from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 3,762,734	\$ 1,654,174
Change in assumptions	9,635,622	-
Net difference between projected and actual earnings on pension plan investments	11,733,296	-
	<u>\$ 25,131,652</u>	<u>\$ 1,654,174</u>

In future years, the above deferred outflows and inflows will be recognized as a reduction to pension expense as follows:

<b>Year Ending June 30,</b>	<b>Increase to Pension Expense</b>
2023	\$ 5,436,648
2024	4,787,867
2025	1,346,282
2026	9,917,393
2027	1,989,288
Thereafter	-

**Note 18. Virginia Retirement System**

**Plan Description**

All constitutional officers that are full-time, salaried permanent employees of the City, (the "Political Subdivision") are automatically covered by the VRS Retirement Plan upon employment. This multi-employer cost-sharing is administered by the Virginia Retirement System (the "System") along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employer pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 18. Virginia Retirement System (Continued)**

**Plan Description (Continued)**

The System administers three different benefit structures for covered employees – Plan 1, Plan 2, and Hybrid. Each of these benefit structures has a different eligibility criteria. The specific information for each plan and the eligibility for covered groups within each plan are available at:

- <https://www.varetire.org/members/benefits/defined-benefit/plan1.asp>,
- <https://www.varetire.org/members/benefits/defined-benefit/plan2.asp>,
- <https://www.varetirement.org/hybrid.html>.

**Employees Covered by Benefit Terms**

As of the June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the pension plan:

	<b><u>Members</u></b>
Inactive members or their beneficiaries currently receiving benefits	<u>92</u>
Inactive members:	
Vested inactive members	20
Non-vested inactive members	64
Inactive members active elsewhere in VRS	<u>64</u>
Total inactive members	<u>148</u>
Active members	<u>129</u>
Total covered employees	<u><u>369</u></u>

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 18. Virginia Retirement System (Continued)**

**Contributions**

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding options provided to political subdivisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement.

The political subdivision's contractually required contribution rate for the year ended June 30, 2022 was 11.15% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019.

This rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the political subdivision were \$637,976 and \$617,858 for the years ended June 30, 2022 and 2021, respectively.

**Net Pension Liability**

The net pension liability is calculated separately for each employer and represents that particular employer's total pension liability determined in accordance with GASB Statement No. 68, less that employer's fiduciary net position. For political subdivisions, the net pension liability was measured as of June 30, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of June 30, 2020 rolled forward to the measurement date of June 30, 2021.

**Actuarial Assumptions**

The total pension liability for General Employees in the Political Subdivision's Retirement Plan was based on an actuarial valuation as of June 30, 2020, using the Entry Age Normal actuarial cost method and the following assumptions, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021.

Inflation	2.50%
General Employees – Salary increases, including inflation	3.50 – 5.35%
Public Safety Employees with hazardous duty benefits – Salary increases, including inflation	3.50 – 4.75%
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 18. Virginia Retirement System (Continued)**

**Actuarial Assumptions (Continued)**

Mortality rates: General employees – 15 to 20% of deaths are assumed to be service related. Public Safety Employees – 45% to 70% of deaths are assumed to be service related. Mortality is projected using the applicable Pub-2010 Mortality Table Projected to 2020 with various set backs or set forwards for both males and females.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period from July 1, 2016 through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study are as follows:

General Employees – Largest 10 – Non-Hazardous Duty and All Others (Non 10 Largest): Updated mortality table; adjusted retirement rates; adjusted withdrawal rates to better fit experience at each year age and service through 9 years of service; no change to disability rates; no change to salary scale; no change to line of duty disability; and no change to discount rate.

Public Safety Employees – Largest 10 – Hazardous Duty and All Others (Non 10 Largest): Updated mortality table; adjusted retirement rate to better fit experience and increased final retirement age to 70; adjusted rates of withdrawal; no change to disability rates; no changes to salary scale; no change to line of duty disability; and no change to discount rate..

**Long-Term Expected Rate of Return**

The long-term expected rate of return on pension System investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension System investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 18. Virginia Retirement System (Continued)**

**Long-Term Expected Rate of Return (Continued)**

<b>Asset Class (Strategy)</b>	<b>Target Allocation</b>	<b>Arithmetic Long-Term Expected Rate of Return</b>	<b>Weighted Average Long-Term Expected Rate of Return</b>
Public Equity	34.00 %	5.00 %	1.70 %
Fixed Income	15.00	0.57	0.09
Credit Strategies	14.00	4.49	0.63
Real Assets	14.00	4.76	0.67
Private Equity	14.00	9.94	1.39
MAPS – Multi-Asset Public Strategies	6.00	3.29	0.20
PIP – Private Investment Partnership	3.00	6.84	0.21
Total	100.00 %		4.89 %
	Inflation		2.50 %
	*Expected arithmetic nominal return		7.39 %

- \* The above allocation provides for a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected rate of return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 6.94%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11%, including expected inflation of 2.50%

**Discount Rate**

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Statutes and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Consistent with the phased-in funding provided by the General Assembly for state and teacher employer contributions, political subdivisions were also provided with an opportunity to use an alternate employer contribution rate. For the year ended June 30, 2021, the alternate rate was the employer contribution rate used in the fiscal year 2012 or 100% of the actuarially determined employer contribution rate from the June 30, 2017 actuarial valuations, whichever is greater. From July 1, 2021 on, participating employers are assumed to continue to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total pension liability.

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended June 30, 2022, the City recognized pension expense of \$926,440. At June 30, 2022, the political subdivision reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 57,025	\$ 508,770
Change in assumptions	638,768	-
Net difference between projected and actual earnings on pension plan investments	-	3,468,691
Contributions subsequent to measurement date	<u>637,976</u>	<u>-</u>
Total	<u>\$ 1,333,769</u>	<u>\$ 3,977,461</u>

The \$637,976 reported as deferred outflows of resources related to pensions resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ending June 30,</b>	<b>Reduction to Pension Expense</b>
2023	\$ (690,824)
2024	(729,333)
2025	(806,057)
2026	(1,055,454)

**Pension Plan Data**

Information about the VRS Political Subdivision Retirement Plans is also available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Payables to the Pension Plan**

At June 30, 2022, approximately \$3,599 was payable to the Virginia Retirement System for the legally required contributions related to June 2022 payroll.

**Note 20. Defined Benefit Pension Plan – Teacher Cost Sharing Plan**

**General Information about the Teacher Cost Sharing Plan**

*Plan Description*

All full-time, salaried permanent (professional) employees of Virginia public school divisions, including Danville Public Schools, (the “School Division”), are automatically covered by the VRS Teacher Retirement Plan upon employment. This multiple employer, cost sharing plan is administered by the Virginia Retirement System (the “System”) along with plans for other employer groups in the Commonwealth of Virginia. Members earn one month of service credit for each month they are employed and for which they and their employers pay contributions to VRS. Members are eligible to purchase prior service, based on specific criteria as defined in the *Code of Virginia*, as amended. Eligible prior service that may be purchased includes prior public service, active military service, certain periods of leave, and previously refunded service.

The System administers three different benefit structures for covered employees in the VRS Teacher Retirement Plan – Plan 1, Plan 2, and Hybrid. The provisions and features of the plans, as well as all actuarial assumptions, are substantially the same as those referenced in Note 18.

*Contributions*

The contribution requirement for active employees is governed by §51.1-145 of the *Code of Virginia*, as amended, but may be impacted as a result of funding provided to school divisions by the Virginia General Assembly. Employees are required to contribute 5.00% of their compensation toward their retirement. Each school division’s contractually required contribution rate for the year ended June 30, 2022 was 16.62% of covered employee compensation. This rate was based on an actuarially determined rate from an actuarial valuation as of June 30, 2019. The actuarially determined rate, when combined with employee contributions, was expected to finance the costs of benefits earned by employee during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the school division were \$6,562,283 and \$6,127,637 for the years ended June 30, 2022 and June 30, 2021, respectively.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 20. Defined Benefit Pension Plan – Teacher Cost Sharing Plan (Continued)**

**General Information about the Teacher Cost Sharing Plan (Continued)**

*Contributions (Continued)*

In June 2021, the Commonwealth made a special contribution of approximately \$61.3 million to the VRS Teacher Employee Plan. This special payment was authorized by a budget amendment included in Chapter 552 of the 2021 Appropriation Act, and is classified as a non-employer contribution.

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions*

At June 30, 2022, the school division reported a liability of \$32,109,634 for its proportionate share of the Net Pension Liability. The Net Pension Liability was measured as of June 30, 2021 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation performed as of June 30, 2020, and rolled forward to the measurement date of June 30, 2021. The school division's proportion of the Net Pension Liability was based on the school division's actuarially determined employer contributions to the pension plan for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers. For the year ended June 30, 2021, the school division's proportion was 41.36% as compared to 42.21% at June 30, 2020.

For the year ended June 30, 2022, the school division recognized pension expense of \$344,125. Since there was a change in proportionate share between measurement dates, a portion of the pension expense was related to deferred amounts from changes in proportion and from differences between employer contributions and the proportionate share of employer contributions.

At June 30, 2022, the school division reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ -	\$ 2,734,846
Change in assumptions	5,625,404	-
Net difference between projected and actual earnings on pension plan investments	-	20,234,218
Changes in proportion and differences between Employer contributions and proportionate share of contributions	2,159,715	1,640,506
Employer contributions subsequent to the measurement date	6,562,283	-
Total	<u>\$ 14,347,402</u>	<u>\$ 24,609,570</u>

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 20. Defined Benefit Pension Plan – Teacher Cost Sharing Plan (Continued)**

**General Information about the Teacher Cost Sharing Plan (Continued)**

*Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)*

The \$6,562,283 reported as deferred outflows of resources related to pensions resulting from the school division's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ending June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ending June 30,</b>	<b>Increase (Reduction) to Pension Expense</b>
2023	\$ (3,907,988)
2024	(3,092,203)
2025	(3,913,231)
2026	(5,914,269)
2027	3,240
Thereafter	-

*Net Pension Liability*

The net pension liability (NPL) is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB Statement No. 67, less that system's fiduciary net position. As of June 30, 2021, NPL amounts for the VRS Teacher Employee Retirement Plan is as follows (amounts expressed in thousands):

	<b>Teacher Employee Retirement Plan</b>
Total pension liability	\$ 53,381,141
Plan fiduciary net position	45,617,878
Employers' net pension liability (asset)	<u>\$ 7,763,263</u>

Plan fiduciary net position as a percentage of the total pension liability 85.46%

The total pension liability is calculated by the System's actuary, and each plan's fiduciary net position is reported in the System's financial statements. The net pension liability is disclosed in accordance with the requirements of GASB Statement No. 67 in the System's notes to the financial statements and required supplementary information.

*Sensitivity of the School Division's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate*

The following presents the school division's proportionate share of the net pension liability of the school division using the discount rate of 6.75%, as well as what the school division's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current rate:

	<b>1.00% Decrease (5.75%)</b>	<b>Current Discount Rate (6.75%)</b>	<b>1.00% Increase (7.75%)</b>
School division's proportionate share of the VRS Teacher Employee Retirement plan net pension liability	\$ 61,968,529	\$ 32,109,634	\$ 7,545,453

*Pension Plan Fiduciary Net Position*

Detailed information about the VRS Teacher Retirement Plan's Fiduciary Net Position is available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report). A copy of the 2010 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

*Payables to the Pension Plan*

At June 30, 2022, approximately \$291,992 was payable to the Virginia Retirement System for the legally required contributions related to June 2022 payroll.

**Note 21. Other Postemployment Benefits – Local Plan**

**Plan Description**

The City is a single, non-participating employer of the State's Line of Duty Act (LODA), and therefore, directly funds the cost of benefits provided under LODA. Eligible public safety employees and volunteers of the City who are disabled or killed in the line of duty and their eligible family members are included under the LODA plan.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 21. Other Postemployment Benefits – Local Plan (Continued)**

**Benefits Provided**

The City continues to pay the LODA health benefit plan premiums for any claimant and/or eligible spouse and family member to the Department of Health Resources and Management (DHRM), Virginia; pays death benefit of \$100,000 (if death occurs as a direct result of performing duty; amount may vary for other causes of death) to eligible family members, funeral benefits (if requested); any administrative fees associated with the LODA claims and retroactive health insurance premium reimbursements, if applicable.

Effective July 1, 2017, benefits are not covered upon eligibility for Medicare due to age, income greater than pre-disability income, surviving spouses who remarry. Existing participants with a death or disability eligibility date prior to July 1, 2017 and current/existing spouses who remarry prior to July 1, 2017 are grandfathered.

**Employees Covered by Benefit Terms**

The number of participants at July 1, 2021 was as follows:

Retirees currently receiving benefits	19
Active participants *	<u>295</u>
Total	<u><u>314</u></u>

\* Includes 65 Danville Life Saving Crew members.

**Total OPEB Liability**

The City's total OPEB liability of \$4,938,694 was measured as of June 30, 2022 and was determined based on an actuarial valuation performed as of July 1, 2021.

**Actuarial Assumptions and Other Inputs**

The total OPEB liability was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.75%
Salary increases, including inflation	3.50%
Healthcare cost trend rates	6.25% Initial, 4.25% Ultimate
Retirees' share of benefit-related costs	Same as Health Care Trend
Actuarial cost method	Entry Age Normal

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 21. Other Postemployment Benefits – Local Plan (Continued)**

**Actuarial Assumptions and Other Inputs (Continued)**

Participation: 30% of the eligible active population are assumed to be eligible for LODA disability benefits.

Active Crew Members: Age and gender information was provided by the City for 65 Active Crew Members. Date of hire was assumed to be at age 30, or current age less one year, if younger than 30.

The demographic assumptions below are based on an experience study conducted for the City's public safety employees. The same assumptions were applied to all active participants for the valuation.

Retirement Rates:

<u>Age</u>	<u>Assumed Rate</u>
50-54	15.00%
55	10.00
56	12.00
57	14.00
58	16.00
59	18.00
60	20.00
61-64	25.00
65+	100.00

Disability Rates:

<u>Age</u>	<u>Assumed Rate</u>	
	<u>Male</u>	<u>Female</u>
25	0.090%	0.150%
30	0.120	0.180
35	0.150	0.240
40	0.210	0.300
45	0.300	0.450
50	0.540	0.780
55	1.080	0.147
60	2.700	3.630
65	0.000	0.000

Mortality rates: Pub2010G Tables, male rates \*94%. For pre-retirement deaths, 75% of these rates are used. For disabled members, the Pub2010G disability tables are used. Rates are projected generationally using Scale SSA (updated annually).

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study performed on July 1, 2021 for the City's public safety employees. The same assumptions were applied to all participants.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 22. Other Postemployment Benefits Liability – Virginia Retirement System Plans – Schools**

In addition to their participation in the pension plans offered through the Virginia Retirement System (VRS), the Schools also participate in various cost-sharing and agent multi-employer other postemployment benefit plans, described as follows.

**Plan Descriptions**

Group Life Insurance Program

All full-time teachers and other employees are automatically covered by the VRS Group Life Insurance (GLI) Program upon employment.

In addition to the Basic Group Life Insurance Benefit, members are also eligible to elect additional coverage for themselves as well as a spouse or dependent children through the Optional Group Life Insurance Program. For members who elect the optional group life insurance coverage, the insurer bills employers directly for the premiums. Employers deduct these premiums from members' paychecks and pay the premiums to the insurer. Since this is a separate and fully insured program, it is not included as part of the GLI Program OPEB.

Specific information for the GLI is available at <https://www.varetire.org/members/benefits/life-insurance/basic-group-life-insurance.asp>

Teacher Employee Health Insurance Credit Program

All full time, salaried permanent (professional) employees of public school divisions are automatically covered by the VRS Teacher Employee Health Insurance Credit (HIC) Program. Members earn one month of service credit toward the benefit for each month they are employed and for which their employer pays contributions to VRS. The health insurance credit is a tax-free reimbursement in an amount set by the General Assembly for each year of service credit against qualified health insurance premiums retirees pay for single coverage, excluding any portion covering the spouse or dependents. The credit cannot exceed the amount of the premiums and ends upon the retiree's death.

Specific information about the Teacher HIC is available at <https://www.varetire.org/retirees/insurance/healthinscredit/index.asp>

The GLI and Teacher HIC are administered by the VRS along with pensions and other OPEB plans, for public employer groups in the Commonwealth of Virginia. Both of these plans are considered multiple employer, cost sharing plans.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 22. Other Postemployment Benefits Liability – Virginia Retirement System Plans – Schools  
(Continued)**

**Plan Descriptions (Continued)**

General Employee Health Insurance Credit Program

The General Employee Health Insurance Credit Program (HIC) is available for all full time, salaried employees of local government entities other than teachers. The General Employee HIC provides all the same benefits as the Teacher HIC, except that this plan is considered a multi-employer agent plan.

As of the June 30, 2020 actuarial valuation, the following employees were covered by the benefit terms of the General Employee Health Insurance Credit Program:

	<u><b>Number</b></u>
Inactive members or their beneficiaries currently receiving benefits	<u>22</u>
Inactive members:	
Vested inactive members	<u>3</u>
Total inactive members	25
Active members	<u>71</u>
Total covered employees	<u><u>96</u></u>

**Contributions**

Contributions to the VRS OPEB programs were based on actuarially determined rates from actuarial valuations as of June 30, 2020 for general employees HIC and June 30, 2019 for GLI and Teacher HIC program. The actuarially determined rates were expected to finance the cost of benefits earned by employees during the year, with an additional amount to fund any unfunded accrued liability. Specific details related to the contributions for the VRS OPEB programs are as follows:

**Group Life Insurance Program**

Governed by:	<i>Code of Virginia 51.1-506 and 51.1-508 and may be impacted as a result of funding provided to school divisions and governmental agencies by the Virginia General Assembly.</i>
Total rate:	1.34% of covered employee compensation. Rate allocated 60/40; 0.80% employee and 0.54% employer. Employers may elect to pay all or part of the employee contribution.
June 30, 2022 Contribution – general employees	\$41,252
June 30, 2022 Contribution – teachers	\$184,115
June 30, 2021 Contribution – general employees	\$10,584
June 30, 2021 Contribution – teachers	\$201,102

Health Insurance Credit Program

Governed by:	<i>Code of Virginia 51.1-1401(E) and may be impacted as a result of funding provided to school divisions by the Virginia General Assembly.</i>
Total rate:	1.21% of covered employee compensation for teacher plan. 1.49% of covered employee compensation for general plan.
June 30, 2022 Contribution – teacher	\$435,692
June 30, 2021 Contribution – teacher	\$447,080
June 30, 2022 Contribution – general	\$52,779
June 30, 2021 Contribution – general	\$-0-

**OPEB Liabilities, OPEB Expense, and Deferred Inflows and Outflows of Resources Related to OPEB**

The net OPEB liabilities were measured as of June 30, 2021 and the total OPEB liabilities used to calculate the net OPEB liabilities were determined by actuarial valuations as of June 30, 2020 and rolled forward to the measurement date of June 30, 2021. The covered employer's proportion of the net OPEB liabilities were based on the covered employer's actuarially determined employer contributions for the year ended June 30, 2021 relative to the total of the actuarially determined employer contributions for all participating employers.

Group Life Insurance Program

General Employees

June 30, 2022 proportionate share of liability	\$ 141,226
June 30, 2021 proportion	0.01213%
June 30, 2020 proportion	0.01160%
June 30, 2022 expense	\$ 11,234

Teachers

June 30, 2022 proportionate share of liability	\$ 2,088,121
June 30, 2021 proportion	0.17935%
June 30, 2020 proportion	0.18200%
June 30, 2022 expense	\$ 91,126

**Actuarial Assumptions and Other Inputs**

The total OPEB liability was determined using the following assumptions based on an actuarial valuation date of June 30, 2020, applied to all periods included in the measurement and rolled forward to the measurement date of June 30, 2021:

Inflation	2.50%
Salary increases, including inflation:	
• Locality – general employees	3.50 – 5.35%
• Teachers	3.50 – 5.95%
Healthcare cost trend rates:	
• Under age 65	7.00 – 4.75%
• Ages 65 and older	5.375 – 4.75%
Investment rate of return, net of expenses, including inflation	6.75%

Mortality rates used for the various VRS OPEB plans are the same as those used for the actuarial valuations of the VRS pension plans. The mortality rates are discussed in Note 18.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 22. Other Postemployment Benefits Liability – Virginia Retirement System Plans – Schools  
(Continued)**

**Net OPEB Liabilities**

The net OPEB liabilities represent each program's total OPEB liability determined in accordance with GASB Statement No. 74, less the associated fiduciary net position. As of June 30, 2021, net OPEB liability amounts for the various VRS OPEB programs are as follows (amounts expressed in thousands):

	<b>Group Life Insurance Program</b>	<b>Teacher Employee HIC OPEB Plan</b>
Total OPEB liability	\$ 3,577,346	\$ 1,477,874
Plan fiduciary net position	2,413,074	194,305
Employers' net OPEB liability	1,164,272	1,283,569
Plan fiduciary net position as a percentage of total OPEB liability	67.45%	13.15%

The total liability is calculated by the VRS actuary and each plan's fiduciary net position is reported in the VRS financial statements. The net OPEB liability is disclosed in accordance with the requirements of GASB Statement No. 74 in the VRS notes to the financial statements and required supplementary information.

**Group Life Insurance and Health Insurance Credit Programs**

The long-term expected rate of return on VRS investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimate of arithmetic real rates of return for each major asset class are summarized in the following table:

PIP – Private Investment Partnership	3.00	6.84	0.21
<b>Total</b>	<b>100.00 %</b>		<b>4.89 %</b>
<b>Inflation</b>			<b>2.50 %</b>
<b>*Expected arithmetic nominal return</b>			<b>7.39 %</b>

- \* The above allocation provides for a one-year return of 7.39%. However, one-year returns do not take into account the volatility present in each of the asset classes. In setting the long-term expected rate of return for the system, stochastic projections are employed to model future returns under various economic conditions. The results provide a range of returns over various time periods that ultimately provide a median return of 7.11%, including expected inflation of 2.50%. On October 10, 2019, the VRS Board elected a long-term rate of 6.75% which is roughly at the 40<sup>th</sup> percentile of expected long-term results of the VRS fund asset allocation at that time, providing a median return of 7.11, including inflation of 2.50%.

**Discount Rate**

The discount rate used to measure the GLI and HIC OPEB liabilities was 6.75%. The projection of cash flows used to determine the discount rate assumed that System member contributions will be made per the VRS Guidance and the employer contributions will be made in accordance with the VRS funding policy at rates equal to the difference between actuarially determined contribution rates adopted by the VRS Board of Trustees and the member rate. Through the fiscal year ending June 30, 2020, the rate contributed by the employer for the OPEB liabilities will be subject to the portion of the VRS Board-certified rates that are funded by the Virginia General Assembly. From July 1, 2020 on, participating employers are assumed to contribute 100% of the actuarially determined contribution rates. Based on those assumptions, the OPEB plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore the long-term expected rate of return was applied to all periods of projected benefit payments to determine the total OPEB liability.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 22. Other Postemployment Benefits Liability – Virginia Retirement System Plans – Schools**  
**(Continued)**

**Sensitivity of the Net OPEB Liability to Changes in the Discount Rate**

The following presents the net OPEB liabilities of the Schools, as well as what the Schools' net OPEB liabilities would be if they were calculated using a discount rate that is one percentage point lower (5.75%) or one percentage point higher (7.75%) than the current discount rate:

	<b>1.00% Decrease (5.75%)</b>	<b>Current Discount Rate (6.75%)</b>	<b>1.00% Increase (7.75%)</b>
GLI Net OPEB liability – general employees	\$ 206,336	\$ 141,226	\$ 88,646
GLI Net OPEB liability – teachers	3,050,820	2,088,121	1,310,697
Teacher HIC Net OPEB liability	6,035,383	5,361,340	4,790,939
General Employee HIC Net OPEB liability	157,067	141,660	128,427

**OPEB Plan Fiduciary Net Position**

Information about the various VRS OPEB plan fiduciary net position is available in the separately issued VRS 2021 Annual Comprehensive Financial Report (Annual Report). A copy of the 2021 VRS Annual Report may be downloaded from the VRS website at <http://www.varetire.org/Pdf/Publications/2021-annual-report.pdf>, or by writing to the System's Chief Financial Officer at P.O. Box 2500, Richmond, VA, 23218-2500.

**Payables to the OPEB Plan – Schools**

At June 30, 2022, the following amounts were payable to the Virginia Retirement System for the legally required contributions related to June 2022 payroll.

• Group Life Insurance – general employees	\$ 2,959
• Group Life Insurance – teachers	15,603
• Teacher Employee Health Insurance Credit	14,231
• General Employee Health Insurance Credit	1,132

**Note 23. Service Contracts**

**Power Purchase Contracts – American Municipal Power**

The City purchases substantially all of its power through American Municipal Power, Inc. (AMP) through contracts described below. AMP has issued debt to fund the various projects, and although this is not directly an obligation of the City, the related agreements are “take-or-pay” contracts, under which the City is obligated to purchase a minimum amount of power.

*AMP Fremont Energy Center (86 Members)*

On July 28, 2011, AMP acquired from FirstEnergy Generation Corporation (“FirstEnergy”) the Fremont Energy Center (“AFEC”), a combined cycle, natural gas fueled electric generating plant, then nearing completion of construction and located in Fremont, Sandusky County, Ohio. Following completion of the commissioning and testing, AMP declared AFEC to be in commercial operation as of January 20, 2012. AFEC has a capacity of 512 MW (unfired)/67MW (fired) and consists of two combustion turbines, two heat recovery steam generators and one steam turbine and condenser.

AMP subsequently sold a 5.16% undivided ownership interest in AFEC to the Michigan Public Power Agency and entered into a power sales contract with the Central Virginia Electric Cooperative for the output associated with a 4.15% undivided ownership interest in AFEC. The output of AFEC associated with the remaining 90.69% undivided ownership interest (the “90.69% Interest”) is sold to AMP Members pursuant to a take-or-pay power sales contract with 86 of its Members (the “AFEC Power Sales Contract”).

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 23. Service Contracts (Continued)**

**Power Purchase Contracts – American Municipal Power (Continued)**

*AMP Fremont Energy Center (86 members) (Continued)*

In 2012, to provide permanent financing for the 90.69% Interest, AMP issued, in two series, \$546,085,000 of its AMP Fremont Energy Center Project Revenue Bonds (the “2012 AFEC Bonds”), consisting of taxable and tax-exempt obligations. The AFEC Bonds are net revenue obligations of AMP, secured by a master trust indenture and payable from amounts received by AMP under the AFEC Power Sales Contract. In 2017, AMP issued bonds (the “AFEC Refunding Bonds” and, together with the 2012 AFEC Bonds, the “AFEC Bonds”) to refund a portion of the 2012 AFEC Bonds. As of June 30, 2022, \$468,135,000 aggregate principal amount of AFEC Bonds was outstanding.

In April 2021, AMP executed a Gas Supply Contract (the “Gas Supply Contract”) with Tennergy Corporation (“Tennergy”) under the terms of which Tennergy will provide a portion of the natural gas made available to Tennergy under the terms of a Prepaid Natural Gas Sales Agreement (“Prepaid Natural Gas Sales Agreement”) between Tennergy and a subsidiary of Morgan Stanley. Under the Gas Supply Contract, AMP receives the benefit of a discount from market index gas priced.

The City of Danville has executed a take-or-pay power sales contract with AMP for 37,300 kW or 8.03% of capacity and associated energy from the AFEC facility.

*Combined Hydroelectric Projects (79 Members)*

AMP owns and operates three hydroelectric projects, the Cannelton, the Smithland and the Willow Island hydroelectric generating facilities (the “Combined Hydroelectric Projects”), all on the Ohio River, with an aggregate generating capacity of approximately 208 MW. Each of the Combined Hydroelectric Projects is in commercial operation and consists of run-of-the-river hydroelectric generating facilities on existing Army Corps dams and includes associated transmission facilities. AMP holds the licenses from FERC for the Combined Hydroelectric Projects.

To provide financing for, or refinance certain obligations incurred in respect of, the Combined Hydroelectric Projects, AMP has issued ten series of its Combined Hydroelectric Projects Revenue Bonds (the “Combined Hydroelectric Bonds”), in an original aggregate principal amount \$2,483,845,000 and consisting of taxable, tax-exempt and tax advantaged obligations (Build America Bonds, Clean Renewable Energy Bonds and New Clean Renewable Energy Bonds). The Combined Hydroelectric Bonds are secured by a master trust indenture and payable from amounts received by AMP under a take-or-pay power sales contract with 79 of its Members.

As of June 30, 2022, \$2,120,512,059 aggregate principal amount of the Combined Hydroelectric Bonds and approximately \$10.7 million aggregate principal amount of subordinate obligations, consisting of notes evidencing draws on the Line of Credit, were outstanding under the indenture securing the Combined Hydroelectric Bonds.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 23. Service Contracts (Continued)**

**Power Purchase Contracts – American Municipal Power (Continued)**

*Combined Hydroelectric Projects (79 Members) (Continued)*

In August 2017, AMP filed a lawsuit against Voith Hydro, Inc. (“Voith”), the supplier of major powerhouse equipment, including the turbines and generators for the Combined Hydroelectric Projects and the Meldahl Project.

The City of Danville has executed a take-or-pay power sales contract with AMP for 22,084 kW or 10.62% of capacity and associated energy from the Combined Hydroelectric Facilities.

*Meldahl Hydroelectric Project (48 Members)*

AMP owns and, together with the City of Hamilton, Ohio, an AMP Member, developed and constructed a 108.8 MW, three-unit hydroelectric generation facility on the Captain Anthony Meldahl Locks and Dam, an existing Army Corps dam on the Ohio River, and related equipment and associated transmission facilities (the “Meldahl Project”). The Meldahl Project is operated by the City of Hamilton.

In order to finance the construction of the Meldahl Project and related costs, AMP issued seven series of its Meldahl Hydroelectric Project Revenue Bonds (“Meldahl Bonds”) in an original aggregate principal amount of \$820,185,000 consisting of taxable, tax-exempt and tax advantaged obligations (Build America Bonds, Clean Renewable Energy Bonds and New Clean Renewable Energy Bonds). The Meldahl Bonds are secured by a master trust indenture and payable from amounts received by AMP under a take-or-pay power sales contract with 48 of its Members.

As of June 30, 2022, \$655,050,000 aggregate principal amount of the Meldahl Bonds and approximately \$0.7 million aggregate principal amount of subordinate obligations, consisting of notes evidencing draws on the Line of Credit, were outstanding under the indenture securing the Meldahl Bonds.

The City of Danville has executed a take-or-pay power sales contract with AMP for 5,039 kW or 4.80% of capacity and associated energy from the Meldahl hydro facility.

*Greenup Hydroelectric Project (47 Members)*

In connection with the development of the Meldahl Project, Hamilton agreed to sell and AMP agreed to purchase a 48.6% undivided ownership interest (the “AMP Interest”) in the Greenup Hydroelectric Facility. On May 11, 2016, AMP issued \$125,630,000 aggregate principal amount of its Greenup Hydroelectric Project Revenue Bonds, Series 2016A (the “Greenup Bonds”) and, with a portion of the proceeds thereof, acquired the AMP Interest. The Greenup Bonds are secured by a separate power sales contract that has been executed by the same Members (with the exception of Hamilton, which retained title to a 51.4% ownership interest in the Greenup Hydroelectric Facility) that executed the Meldahl Power Sales Contract. As of June 30, 2022, \$120,600,000 aggregate principal amount of the Greenup Bonds was outstanding.

The City of Danville has executed a take-or-pay power sales contract with AMP for 3,299 kW or 9.67% of capacity and associated energy from the Greenup facility.

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 23. Service Contracts (Continued)**

**Power Purchase Contracts – American Municipal Power (Continued)**

*Prairie State Energy Campus (68 Members)*

On December 20, 2007, AMP acquired a 23.26% undivided ownership interest (the “PSEC Ownership Interest”) in the Prairie State Energy Campus (“PSEC”), a two unit, supercritical coal-fired power plant designed to have a net rated capacity of approximately 1,582 MW and associated facilities in southwest Illinois. The PSEC Ownership Interest is held by AMP 368 LLC, a single-member Delaware limited liability company (“AMP 368 LLC”). AMP is the owner of the sole membership interest in AMP 368 LLC. Construction of the PSEC commenced in October 2007. Unit 1 of the PSEC commenced operations in the second quarter of 2012 and Unit 2 of the PSEC commenced operations in the fourth quarter of 2012.

From July 2008 through September 2010, AMP issued five series of Prairie State Energy Campus Revenue Bonds (collectively, the “Initial Prairie State Bonds”) to finance PSEC project costs and PSEC related expenses. The Initial Prairie State Bonds consist of tax-exempt, taxable and tax advantaged Build America Bonds issued in the original aggregate principal amount of \$1,696,800,000. In 2015, 2017, and 2019, AMP issued bonds (the “Prairie State Refunding Bonds” and, together with the Initial Prairie State Bonds, the “Prairie State Bonds”) to refund all of the callable tax-exempt Initial Prairie State Bonds issued in 2008 and 2009, certain of callable outstanding Initial Prairie State Bonds issued as Build America Bonds and certain of the bonds issued in 2015 to refund the Initial Prairie State Bonds. As of June 30, 2022, AMP had \$1,439,610,000 aggregate principal amount of Prairie State Bonds outstanding.

AMP sells the power and energy from the PSEC Ownership Interest pursuant to a take-or-pay power sales contract (the “Prairie State Power Sales Contract”) with 68 Members (the “Prairie State Participants”). The Prairie State Bonds are net revenue obligations of AMP, secured by a master trust indenture, payable primarily from the payments to be made by the Prairie State Participants under the terms of the Prairie State Power Sales Contract. The capacity factor for the Prairie State Energy Campus for the fiscal year ending December 31, 2022 was 81.4%.

The City of Danville executed a take-or-pay power sales contract with AMP for 49,760 kW or 13.52% of capacity and associated energy from the Prairie State facility.

*Litigation Relating to Combined Hydroelectric and Meldahl Projects*

On August 14, 2017, AMP filed a lawsuit in the U.S. District Court for the Southern District of Ohio against Voith Hydro, Inc. (“Voith”), which was the supplier of major powerhouse equipment, including the turbines and generators for the Combined Hydroelectric Projects and the Meldahl Project. In the lawsuit, AMP alleges, among other things that Voith failed to deliver equipment on a timely basis and that certain of the equipment delivered was materially defective, causing significant delays. AMP has alleged proven damages of at least \$40 million.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 23. Service Contracts (Continued)**

**Power Purchase Contracts – American Municipal Power (Continued)**

*Litigation Relating to Combined Hydroelectric and Meldahl Projects (Continued)*

On October 16, 2017, Voith filed its answer, denying each of AMP's claims, and asserting two counterclaims seeking the payment of amounts it claims are due under the contract, amounts currently held by AMP as purported liquidated damages and \$40 million in damages, plus interest and legal fees. On December 1, 2017, AMP filed its answer to the Voith counterclaims, denying all liability to Voith.

As part of the initial disclosures, AMP listed 70 potential witnesses and \$90 million in gross damages, while Voith listed over 100 potential witnesses and \$65 million in gross damages. A scheduling order has been established which provides for an October 31, 2022 trial date.

**Natural Gas Purchase Contracts – MuniGas**

In 2007, the City entered into an agreement to purchase all natural gas for distribution to City customers through Municipal Gas Acquisition and Supply Corporation ("MuniGas"). Although the contract requires the City to source all gas purchases through this contract, it is not a take-or-pay contract and does not include minimum purchase requirements. The contract expires in 2027 but may be extended by mutual agreement.

**Other Power Purchase Contracts**

*Schoolfield Hydro*

In January 2016, a twenty year agreement between the City of Danville and STS Hydropower was finalized for the 4.55 megawatts generated at the Schoolfield dam located in Danville, Virginia. Both City Council and Utility Commission unanimously approved moving forward with this project. The agreement starts on December 1, 2016 and will expire on November 30, 2036. The terms include a \$63.50/megawatt hour rate with a 1.75% annual escalation. This generation represents approximately 1.00% of Danville's peak load.

*Kentuck Solar*

In May 2016, a twenty-five year agreement between the City of Danville and Washington Gas and Light was finalized for the construction of a 6-megawatt solar farm in Ringgold, Virginia within the Danville Utilities footprint. Both City Council and Utility Commission unanimously approved moving forward with this project. The agreement started upon the constructing and commissioning of the facility, which went online March 2018. The terms include a fixed \$72.51/megawatt hour rate with no annual escalation. This generation represents approximately 1.5% of Danville's peak load.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 23. Service Contracts (Continued)**

**Other Power Purchase Contracts (Continued)**

*Whitmell Solar*

In September 2018, a twenty-five year agreement between the City of Danville and Turning Point Energy was finalized for the construction of a 10-megawatt solar farm in Whitmell Virginia within the Danville Utilities footprint. Both City Council and Utility Commission unanimously approved moving forward with this project. The agreement commenced upon the constructing and commissioning of the facility in August 2020. This generation represents approximately 24,000 mWh and 2.5% of Danville's peak load.

*Ringgold Solar*

In September 2018, a twenty-five year agreement between the City of Danville and Strata Solar was finalized for the construction of a 12-megawatt solar farm in Ringgold, Virginia within the Danville Utilities footprint. Both City Council and Utility Commission unanimously approved moving forward with this project. The agreement commenced upon the constructing and commissioning of the facility in November 2020. This generation represents approximately 28,000 mWh and 3% of Danville's peak load.

*Pinnacles Hydro Generation Plant*

On February 10, 2021, the City of Danville sold the 10.5 MW Pinnacles Hydro facility located in Patrick County, Virginia to Northbrook Energy for \$8.2 million. The City also agreed to purchase all energy, capacity and renewable energy from the facility for 25 years. The generation will represent approximately 30,000 mWhs annually and 3% of Danville's peaks load.

*AMP Solar Project*

In August 2022, a fifteen-year purchase power agreement between the City of Danville and American Municipal Power was finalized for 20 MW of solar energy, capacity, and renewable energy credits. The agreement will commence in 2025 when the project is fully constructed in western Ohio by Avangrid Renewables. The generation will represent approximately 48,000 mWhs and 5% of Danville's peak load.

*Locust Ridge Wind*

In September 2022, a three-year agreement between the City of Danville and American Municipal Power was finalized for 15.9 MW of wind energy in central Pennsylvania. Both City Council and Utility Commission approved moving forward with the project. The agreement commenced on October 1, 2022, and will end on September 30, 2025. The generation will represent approximately 35,000 mWh annually and 3.5% of Danville's peak load.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 23. Service Contracts (Continued)**

**Other Power Purchase Contracts (Continued)**

*Danville Battery Storage*

In January 2022, a twenty-year agreement between the City of Danville and Delorean Power was finalized for 10.6 megawatts of battery energy storage at 864 Monument Street. Both City Council and Utility Commission unanimously approved the project. The agreement commenced upon completion of the project in October 2022. The 10.6 MW of capacity will allow the City to peak shave during high demand periods during the summer and winter months to lower energy and transmission costs.

**Note 24. Commitments and Contingencies**

**Litigation**

The City, DPS, and the IDA are contingently liable with respect to lawsuits and other claims, which arise in the ordinary course of operations. It is the opinion of City management and the City Attorney that any losses not covered by insurance, which may ultimately be incurred as a result of the suits and claims, will not be material to the financial position of the City or its component units.

**Grant programs**

The City and DPS participate in a number of grant programs. Although the City and DPS have been audited in accordance with the provisions of the Uniform Guidance, these programs remain subject to financial and compliance audits by the grantors or their representatives. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under terms of the grant. Based on prior experience, management believes such disallowances, if any, will not be significant.

**Construction contracts**

The City has several construction and similar contracts in progress at June 30, 2022. The uncompleted portion of these contracts represents financial commitments that were not yet liabilities at June 30, 2022, and consist of the following:

Contracts in progress	\$ 60,152,581
Less: paid or recorded as liabilities	<u>(33,570,225)</u>
Remaining commitment	<u><u>\$ 26,582,356</u></u>

**Arbitrage**

The City has certain debt instruments subject to arbitrage regulations. As of June 30, 2022, the arbitrage estimate was zero.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 24. Commitments and Contingencies (Continued)**

Encumbrance commitments

The City had the following outstanding encumbrances, which include certain of the construction contracts in progress above, as of June 30, 2022.

Major Funds

General Fund	\$ 5,530,349
City Capital Projects Fund	7,849,838
Special Revenue Fund	<u>2,173,490</u>

Total encumbrances	<u><u>\$ 15,553,677</u></u>
--------------------	-----------------------------

Take-or-pay contracts

The City has entered into several take-or-pay contracts as described in Note 24, which require the City to purchase certain minimum amounts of power. The City could incur losses if the City were unable to use or resell any portion of the purchases to which it has committed.

Moral obligations

The IDA has several moral obligations for debt service in place for various organizations within the Danville, Virginia area. The total debt outstanding related to these moral obligations is approximately \$7,257,302.

As discussed in Note 1, the City has a moral obligation for debt service at the Danville-Pittsylvania Regional Facility Authority. Total debt outstanding at the Facility Authority is approximately \$605,000 with a final maturity of 2025; the City and Pittsylvania County each provide equal funding for the debt service.

**Note 25. Incentive Grants**

The City, often in conjunction with the Authority, has awarded performance grants to companies within the City to foster economic development. Disbursements under these grants vary based on the performance requirements and period in which the company has to perform. During the current fiscal year, the City awarded approximately \$2,219,500 in new grants and paid approximately \$443,000 in such grant funds for awards for current and prior years from the Economic Development Fund. Additional performance grants, for which performance requirements have not yet been substantially met, total approximately \$6,065,100, and will be funded by the City through the Authority.

In fiscal year 2017, the Authority, the City, and the Commonwealth of Virginia entered into a performance agreement with Overfinch for the location of a facility in the City of Danville, Virginia. The Authority will lease to Overfinch a facility suitable for its operations. Overfinch can choose to remain in this facility or have the Authority build a new facility on a certain parcel of land. No decision has been reached on that construction. Overfinch's capital investment requirements vary based on the option chosen for the facility, however, the job requirements remain the same. During fiscal year 2022, Overfinch was operating in the leased facility and was considered delinquent with its performance requirements.

(Continued)

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 25. Incentive Grants (Continued)**

In fiscal year 2021, the Authority, the City, and the Commonwealth of Virginia entered into a performance agreement with Litehouse, Inc., for expanding operations and up-fitting buildings located within the City of Danville, Virginia.

In fiscal year 2022, the Authority, the City, and the Commonwealth of Virginia entered into a performance agreement with Danville Masonic Towers LLC for redeveloping buildings into boutique hotel rooms and commercial space within the City of Danville, Virginia.

In addition to those agreements previously described, the Authority also has multiple performance grants outstanding under which funds have been paid to the companies involved, but the performance period is not yet complete. Should a company fail to perform under the terms of the agreement, all or part of the funds awarded could become due and payable to the Authority. The Authority would then owe funds to the City, which may also owe certain funds back to the various granting authorities. Ultimate repayment responsibility rests with the City for these funds. Total outstanding grants with respect to which the City is contingently liable total approximately \$43,333 for funds from the Tobacco Commission.

**Note 26. Risk Management**

Primary government

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the City to retain risks of losses in those areas where it believes it is more economical to manage its risks internally and account for any health and workers' compensation claims settlement in the General Fund. The City also maintains an insurance fund to account for insurance transactions other than health insurance and workers' compensation. The City is self-insured for all workers' compensation claims, comprehensive and collision for vehicles which cost less than \$100,000, property damage up to a deductible of \$10,000, and employee liability to the extent that it is not covered by another policy. Exceptions to the self-insurance program are made when insurance coverage is available and when premiums are cost effective. The City is covered by property/casualty insurance policies on real and personal property (except vehicles) and the following liability insurance policies: public entity and public officials excess liability, medical and dental malpractice liability, voting booths, special events, vacant buildings, volunteer liability, nonowned aircraft liability, and commercial crime. The City maintains a blanket surety bond on all City workers who handle funds and excess amounts of insurance on key officials. There were no material reductions in insurance coverage from coverage in the prior fiscal year nor did settlements exceed coverage for any of the past three fiscal years.

The City is also self-insured for health insurance claims, as described in Note 1.

One City employee is covered by a surety bond.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 26. Risk Management (Continued)**

Primary government (Continued)

The fleet insurance and commercial general liability insurance is provided under a pooled agreement with the Virginia Risk Sharing Association (the “Pool”), a public entity risk pool. If the Pool should be in a deficit condition, it may levy an additional pro-rata assessment to members of the Pool, which may not exceed twice the members’ annual contributions. The Pool agreement does not address the question of member liability in case of a deficit condition. Claims have not exceeded coverage in any of the previous three years, and there were no reductions in coverage from the previous year.

Workers’ compensation claims liabilities include an amount for claims that have been incurred but not reported to date. Liabilities are determined using a combination of actual claims experience and actuarially determined amounts and include incremental claims, adjustment expense, and estimated recoveries. An independent contractor processes the public liability claims and the City records a provision and liability in the entity-wide statements for an estimate of incurred but not reported claims.

**Self-Insurance**

Changes in the estimated claims payable for workers’ compensation and health insurance are as follows for the past three years:

		<b>Beginning of Year</b>	<b>Changes in Claims and Reserves</b>	<b>Claim Payments</b>	<b>End of Year</b>
Workers’ compensation	2022	\$ 2,579,035	\$ 57,095	\$ 665,969	\$ 1,970,161
	2021	1,796,259	4,290,221	3,507,445	2,579,035
	2020	2,160,097	1,970,445	2,334,283	1,796,259
Health insurance	2022	\$ 702,195	\$ 13,048,978	\$ 12,818,500	\$ 932,673
	2021	790,967	9,380,735	9,469,507	702,195
	2020	642,844	7,445,997	7,297,874	790,967

Component Unit – Danville Public Schools

DPS are a member of the School Systems of Virginia Group Self-Insurance Association (the “Association”), a public entity risk pool for workers’ compensation insurance. All members of the Association have agreed to assume any liability under the Virginia Workers’ Compensation Act of any and all members. The Association has operated at a profit and has declared dividends on a regular basis since the Schools entered the pool in 1982. The Schools have elected to have the Association hold the Board’s dividends as a reserve against possible future claims. At June 30, 2022, the cumulative amount held in escrow amounted to \$260,154. This amount is included on the Statement of Net Position with other receivables. During the current fiscal year, the Schools paid \$129,552 in workers’ compensation claims.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 27. New Accounting Standards**

The Governmental Accounting Standards Board (GASB) has issued the following Statements which are not yet effective. The effective dates below are updated based on **Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*** due to the COVID-19 pandemic.

In May 2019, the GASB issued **Statement No. 91, *Conduit Debt Obligations***. This Statement provides a single method of reporting conduit debt obligations by issuers and eliminates diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.

In March 2020, the GASB issued **Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements***. This Statement improves financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

In May 2020, the GASB issued **Statement No. 96, *Subscription-Based Information Technology Arrangements***. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). The requirements of this Statement are effective for reporting periods beginning after June 15, 2022.

In April 2022, the GASB issued **Statement No. 99, *Omnibus 2022***. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

In June 2022, the GASB issued **Statement No. 100, *Accounting Changes and Error Corrections***. This Statement requires disclosure in notes to financial statements of descriptive information about accounting changes and error corrections, such as their nature. In addition, information about the quantitative effects on beginning balances of each accounting change and error correction should be disclosed by reporting unit in a tabular format to reconcile beginning balances as previously reported to beginning balances as restated. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 27. New Accounting Standards (Continued)**

In June 2022, the GASB issued **Statement No. 101**, *Compensated Absences*. This statement updates the recognition and measurement guidance for compensated absences and amends certain previously required disclosures. The requirements of this Statement are effective for reporting periods beginning after December 15, 2023.

Management has not determined the effects these new GASB Statements may have on prospective financial statements.

**Note 28. Tax Abatements**

The City has real estate tax abatement agreements with 75 individuals or businesses who have constructed or renovated property within the City limits as of June 30, 2022. These agreements are structured in accordance with the State's Economic Development Assistance Program. The abatements are available for residents, hotel, or commercial structures. For all three abatements, the structure must be no less than 50 years old, be accessed by a Real Estate Assessor prior to rehabilitation, and the structure may remain the same after rehabilitation to continue to qualify for the abatement. The exemption shall begin on July 1 of the tax year following completion of the rehabilitation or renovation and will run with the real estate for a period of no longer than 15 years for residential structures and 5 years for hotel and commercial structure. Hotel and commercial exemptions follow a 5 year descending abatement rate starting at 100% and descending 20% each year for the next 5 years. There is a \$50 fee for residential structures and \$100 fee for hotel and commercial structures for the City to process each application for the abatement, and each qualifying rehabilitation or renovation must occur within two years of the application's acceptance.

The four largest tax abatement agreements as of June 30, 2022 are as follows:

<u>Application No.</u>	<u>Agreement Date</u>	<u>Years Remaining</u>	<u>Abatement Percentage</u>	<u>Projected Remaining Lost Tax Revenues on Agreements</u>
106	07/01/2010	10	\$0.84/\$100	\$ 7,350
109	07/01/2018	11	\$0.84/\$100	16,845
070	07/01/2008	1	\$0.84/\$100	24,996
071	07/01/2009	2	\$0.84/\$100	10,702

Total revenue losses for the year ended June 30, 2022 for all 75 individuals and businesses participating in the real estate abatements were approximately \$72,127. Projected future losses for all current abatement agreements is approximately \$133,038.

**CITY OF DANVILLE, VIRGINIA**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2022**

**Note 29. Adoption of New Accounting Standard**

Effective July 1, 2021, the City adopted Government Accounting Standards Board (GASB) Statement No. 87, Leases. The following discussion provides the City's accounting policy regarding lease agreements.

During the year of implementation of GASB 87, leases have been recognized and measured using the facts and circumstances that existed at the beginning of the year of implementation (i.e., as of July 1, 2021). The City's leases in place at the implementation date had no prepayments (payments made at or before the commencement of the lease) and contained no incentives, as such, the lease receivable and lease liability have been recognized and measured at the same amount as the related deferred inflow of resources and right-of-use lease asset, respectively, as of the implementation date (July 1, 2021). Therefore, no restatement of prior year net position was necessary.

**Note 30. Subsequent Event**

Subsequent to year end, the City issued \$15,710,000 of General Obligation Public Improvement Bonds, Series 2022, consisting entirely of new money. The premium for these bonds is \$1,345,947. The City issued the Bonds to finance capital expenditures for general governmental projects.

**Note 31. Casino**

On November 3, 2020, a referendum was passed by the citizens of Danville that allows Caesars Entertainment to build a casino resort in the City. The City has entered into a Comprehensive Casino Development Agreement with Caesars. The agreement will result in Caesars construction of a \$500 million resort casino with completion and opening anticipated in late 2023. The agreement also required Caesars to make a lump sum payment of \$15 million to the City upon passage of the referendum, as well as purchasing the Schoolfield campus from the City's Industrial Development Authority for \$5 million. The agreement establishes an ongoing minimum gaming fee to the City. Each year, Caesars will pay the City the greater of \$5 million or 2.5% of net gaming revenue, up to \$200 million, plus 6% of net gaming revenue between \$200 million and \$400 million, plus 10% of net gaming revenue above \$400 million. In addition, there will be a pass through of state gaming taxes and taxes related to real estate, business personal property, lodging, prepared meals, and retail sales. It is anticipated that within three years of operation, the new annually recurring revenues to the City will be in excess of \$30 million.

## CITY OF DANVILLE, VIRGINIA

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2022

#### Note 1. Changes of Benefit Terms

##### Pension

There have been no actuarially material changes to the Virginia Retirement System (the “System”) benefit provisions since the prior actuarial valuation.

Effective September 1, 2018, for Police and Firemen, in the City’s Employees’ Retirement System, the benefit multiplier is changed from 2.00% to 2.20%. This change was considered substantively in place as of June 30, 2019 and has been recognized in the current year actuarial estimates.

##### Other Postemployment Benefits (OPEB) – VRS

There have been no actuarially material changes to the System benefit provisions since the prior actuarial valuation.

##### Other Postemployment Benefits (OPEB) – LODA

No assets are accumulated in a trust for the LODA OPEB Plan.

#### Note 2. Changes of Assumptions – VRS Plans

The actuarial assumptions used in the June 30, 2020, valuation were based on the results of an actuarial experience study for the period from July 1, 2016, through June 30, 2020, except the change in the discount rate, which was based on VRS Board action effective as of July 1, 2019. Changes to the actuarial assumptions as a result of the experience study and VRS Board action are as follows:

##### Largest 10 – Non-Hazardous Duty:

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age.
- Adjusted withdrawal rates to better fit experience at each year and service through 9 years of service.
- No change to disability rates.
- No change to salary scale.
- No change to line of duty rates.
- No change to discount rate.

(Continued)

## **CITY OF DANVILLE, VIRGINIA**

### **NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2022**

#### **Note 2. Changes of Assumptions – VRS Plans (Continued)**

##### **All Others (Non 10 Largest) – Non-Hazardous Duty:**

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age.
- Adjusted withdrawal rates to better fit experience at each year and service through 9 years of service.
- No change to disability rates.
- No changes to salary scale.
- No change to line of duty rates.
- No change to discount rate.

##### **Largest 10 – Hazardous Duty/Public Safety Employees:**

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience and changed final retirement age from 65 to 70.
- Decreased withdrawal rates.
- No change to disability rates.
- No change to salary scale.
- No change to line of duty rates.
- No change to discount rate.

##### **All Others (Non 10 Largest) – Hazardous Duty/Public Safety Employees:**

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience and changed final retirement age from 65 to 70.
- Decreased withdrawal rates and changed from rates based on age and service to rates based on service only to better fit experience and to be more consistent with Locals Largest 10 Hazardous Duty.
- No change to disability rates.
- No change to salary scale.
- No change to line of duty rates.
- No change to discount rate.

(Continued)

## CITY OF DANVILLE, VIRGINIA

### NOTES TO REQUIRED SUPPLEMENTARY INFORMATION June 30, 2022

#### Note 2. Changes of Assumptions – VRS Plans (Continued)

Teacher cost-sharing pool

- Update mortality table to PUB2010 public sector mortality tables. For future mortality improvements, replace load with a modified Mortality Scape MP-2020.
- Adjusted retirement rates to better fit experience for Plan 1; set separate rates based on experience for Plan2/Hybrid; changed final retirement age from 78 to 80 for all.
- Adjusted withdrawal rates to better fit experience at each year and service through 9 years of service.
- No change to disability rates.
- No changes to salary scale.
- No change to discount rate.

#### Note 3. Methods and Assumptions – Employees' Retirement System

Valuation date:

Actuarially determined contribution rates are calculated as of July 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percentage of payroll
Remaining amortization period	30 years
Asset valuation method	Five-year moving average
Inflation	2.50%
Salary increases	5.50%, including inflation
Investment rate of return	7.00%
Retirement age – general employees	3.50% at age 55 increasing to 100% at age 70
Retirement age – police and fire employees	15% between ages 50 and 54 increasing to 100% at age 65
Mortality	Pub-2010G Mortality Tables

There have been no material changes to the Danville Employees' Retirement System's benefit provisions since the last actuarial valuations except as described in Note 1.

## NONMAJOR GOVERNMENTAL FUNDS

---

- **Virginia Department of Transportation Fund (VDOT)** – is a special revenue fund that accounts for revenue derived from the Virginia Department of Transportation. These revenues are legally restricted for qualifying expenditures related to street and bridge design, construction, safety, and maintenance.
- **Economic Development Fund** – is a special revenue fund that accounts for the financial resources used for the growth and development of a diversified economic base in the City through state, federal, and local grants.
- **Cemetery Maintenance Fund** – is a permanent fund used to account for funds set aside to provide for the perpetual care of City cemeteries. Only the earnings from the investments of this fund may be expended.

# STATISTICAL SECTION

---

This part of the City of Danville’s annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information say about the government’s overall financial health.

CONTENTS

Tables

**Financial Trends**..... 1-2, 4-5

*These schedules contain trend information to help the reader understand how the government’s financial performance and well-being have changed over time.*

**Revenue Capacity** ..... 3, 6, 8-11

*These schedules contain information to help the reader assess the government’s most significant local revenue sources, such as property taxes and charges for utility services.*

**Debt Capacity** ..... 12-15

*These schedules present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.*

**Demographic and Economic Information** ..... 16-17

*These schedules offer demographic and economic indicators to help the reader understand the environment within which the government’s financial activities take place.*

**Operating Information**.....7, 18

*These schedules contain service and infrastructure data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs.*

*Sources: Unless otherwise noted, the information in these schedules is derived from the annual comprehensive financial reports for the relevant year.*

(1) Beginning on January 1, 1999, the City has levied taxes on a calendar year basis with 1st half taxes due June 5th and 2nd half taxes due December 5th.

(2) According to state law uncollected personal property taxes are collectible five years following the year of levy.

(3) Personal property tax uncollected reported as of June 30 of subsequent fiscal year.

(4) This includes second half of the tax levy which is not due until December 5th and also the Personal Property Tax Relief Act (PPTRA) funds from the Commonwealth of Virginia. PPTRA funds amounting to \$3,593,576 are received in three installments during July, August, and November each year; therefore, are shown as uncollected at June 30.

(5) Personal property tax rate shown is for personal property which is the largest portion of the tax levy. However, data includes:

Machinery and Tools (\$1.50 per \$100)

Mobile Home (\$0.73 per \$100 for years prior to 2018 and \$0.80 per \$100 effective with FY 2018)

Aircraft (\$0.30 per \$100)

## **COMPLIANCE SECTION**

---

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members of City Council  
City of Danville, Virginia

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *Specifications for Audits for Counties, Cities, and Towns* and the *Specifications for Audits of Authorities, Boards, and Commissions*, issued by the Auditor of the Public Accounts of the Commonwealth of Virginia, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Danville, Virginia (the "City") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated April 18, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. **Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.**

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. **The results of our tests disclosed no instances of a noncompliance or other matters that are required to be reported under *Government Auditing Standards*.**

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR  
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY  
THE UNIFORM GUIDANCE**

The Honorable Mayor and Members of City Council  
City of Danville, Virginia

**Report on Compliance for Each Major Federal Program**

*Opinion on Compliance for Each Major Federal Program*

We have audited the City of Danville, Virginia's (the "City") compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of the City's major federal programs for the year ended -157June 30, 2022. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

*Basis for Opinion on Each Major Federal Program*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements related to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal documentation of the City's compliance with the compliance requirements referred to above.

*Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs.

## **Report on Compliance for Each Major Federal Program (Continued)**

### *Auditor's Responsibilities for the Audit of Compliance*

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgement made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risk of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

### **Report on Internal Control over Compliance (Continued)**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. **Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.**

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

Lynchburg, Virginia  
April 18, 2023

**CITY OF DANVILLE, VIRGINIA**  
**SUMMARY OF COMPLIANCE MATTERS**  
**June 30, 2022**

As more fully described in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, we performed tests of the City's compliance with certain provisions of the laws, regulations, contracts, and grants shown below.

**STATE COMPLIANCE MATTERS**

*Code of Virginia*

Budget and Appropriation Laws

Cash and Investment Laws

Conflicts of Interest Act

Local Retirement Systems

Debt Provisions

Procurement Laws

Comprehensive Services Act

Uniform Disposition of Unclaimed Property Act

Sheriff Internal Controls

Fire Program Aid to Localities

*State Agency Requirements*

Education

Social Services

Urban Highway Maintenance

**FEDERAL COMPLIANCE MATTERS**

*Compliance Supplement for Single Audits of State and Local Governments*

Provisions and conditions of agreements related to federal programs selected for testing.

**CITY OF DANVILLE, VIRGINIA**

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**

**June 30, 2022**

**A. SUMMARY OF AUDITOR'S RESULTS**

1. The auditor's report expresses an **unmodified opinion** on the financial statements.
2. **No material weaknesses or significant deficiencies** related to the audit of the financial statements were reported in the +Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*.
3. **No instances of noncompliance** material to the financial statements, or other matters, which would be required to be reported in accordance with *Government Auditing Standards*, were disclosed during the audit.
4. **No material weaknesses** relating to the audit of the major federal award programs was reported in the Independent Auditor's Report on Compliance for Each Major Program and on Internal Control over Compliance Required by the Uniform Guidance.
5. The auditor's report on compliance for the major federal award programs expresses an **unqualified opinion**; the report on the remaining programs is unmodified.
6. The audit disclosed **no audit finding relating to major programs**.
7. The major programs of the City are:

Name of Program	Assistance Listing Number
Coronavirus Relief Fund	21.019
Formula Grants for Rural Areas	20.509
Education Stabilization Fund	84.425
Title I – Grants to Local Educational Agencies	84.010
Emergency Connectivity Fund	32.009
Coronavirus State and Local Fiscal Recovery Funds	21.027
Child Nutrition Cluster – School Breakfast Program	10.553
Child Nutrition Cluster – National School Lunch Program	10.555
Child Nutrition Cluster – Summer Food Service Program for Children	10.559

8. The **threshold for** distinguishing Type A and B programs was **\$1,422,055**.
9. The City of Danville was **not** determined to be a **low-risk auditee**.

**B. FINDINGS – FINANCIAL STATEMENT AUDIT**

None.

**CITY OF DANVILLE, VIRGINIA**

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**  
**June 30, 2022**

**Summary of Significant Accounting Policies**

The accompanying Schedule of Expenditures of Federal Awards is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements.

**Subrecipients**

The City provided the following amounts to subrecipients during fiscal year 2022:

<u>Program Title</u>	<u>Assistance Listing Number</u>	<u>Amount</u>
Department of Housing and Urban Development Community Development Block Grant Program	14.218	\$ 123,101

**Indirect Cost Rate**

The City did not elect to utilize the 10 percent de minimis indirect cost rate.

**Outstanding Loan Balances**

At June 30, 2022, the City had no outstanding loan balances requiring continuing disclosure.

**CITY OF DANVILLE, VIRGINIA**  
**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**June 30, 2022**

**A. FINDINGS – FINANCIAL STATEMENT AUDIT**

**2021-001: Capital Assets and Related Party Amounts– Material Weakness**

*Condition:*

We proposed and the City recorded a material journal entry as the result of our audit, for approximately \$3.1 million. This entry was deemed material to the financial statements. The City had contributed funds to the Danville Pittsylvania County Regional Industrial Authority (RIFA) and had reported these as construction in progress, when they should have been reported as expenses of the Water Fund and Wastewater Fund. Each material account should be reviewed and reconciled and an understanding of the accounting treatment of transactions with related parties should be reached by all parties involved.

*Current Status:*

Condition was not noted in the current year.

**2021-005: Accounting for Grants (Material Weakness)**

*Condition:*

During the current audit, we noted that certain grant revenue related to the American Rescue Plan Act had been reported as \$14.5 million of revenue. This money had not been spent or earned at year-end and should have been reported as unearned grant revenue. This entry was deemed material to the financial statements. Internal controls should be in place to provide reasonable assurance that grant receivables are properly recorded. In addition, each material account should be reviewed and reconciled to ensure they are properly reflected in the correct accounts.

*Current Status:*

Condition was not noted in the current year.

**2021-002: Credit Card Review – Significant Deficiency**

*Condition:*

Three of the four credit card purchases selected for testing were not reviewed and approved prior to payment. It was noted that these three credit cards were for managers and directors of the City. All credit card purchases should be reviewed and approved by someone knowledgeable and who has the authority to question purchases that appear to be out of the norm for the City.

**CITY OF DANVILLE, VIRGINIA**  
**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**  
**June 30, 2022**

**A. FINDINGS – FINANCIAL STATEMENT AUDIT (Continued)**

**2021-002: Credit Card Review – Significant Deficiency (Continued)**

*Current Status:*

Condition was not noted in the current year.

**2021-006: Cafeteria Adjustment (Material Weakness) – Schools**

*Condition:*

During the current year audit, we noted the May State reimbursement for meals was not recorded as a receivable or revenue in the cafeteria fund. This entry was deemed material to the financial statements. Internal controls should be in place to provide reasonable assurance that receivables are properly recorded. In addition, each material account should be reviewed and reconciled to ensure they are properly reflected in the correct accounts.

*Current Status:*

Condition was not noted in the current year.

**B. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT**

**2021-003: Coronavirus Relief Fund – ALN #21.019, Subrecipient Monitoring, Material Noncompliance and Material Weakness**

*Condition:*

The City did not have any formal agreements with subrecipients regarding use of funds and regulations on funds. Additionally, the City did not document any formal subrecipient monitoring.

*Criteria:*

Under the requirements in the Uniform Guidance, all entities are required perform monitoring and have written agreements with all subrecipients.

*Cause:*

The City does not have a process in place to prepare formal agreements nor policies in place to monitor subrecipient monitoring.

(Continued)

**CITY OF DANVILLE, VIRGINIA**

**SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS**

**June 30, 2022**

**B. FINDINGS AND QUESTIONED COSTS – MAJOR FEDERAL AWARD PROGRAMS AUDIT  
(Continued)**

**2021-003: Coronavirus Relief Fund – ALN #21.019, Subrecipient Monitoring, Material  
Noncompliance and Material Weakness (Continued)**

*Effect:*

The lack of written agreements and monitoring of subrecipients could cause improper Federal funds being allocated.

*Recommendation:*

Management should draft and implement agreements with subrecipients that details the expectations and criteria of each subrecipient. In addition, policies should be in place to monitor these subrecipients to ensure they are meeting the required criteria and no repayment is necessary.

*Current Status:*

The City has put stronger procedures in place for subrecipient communication and monitoring. Condition was not noted in the current year.
