## WHY RECYCLE GLASS?

Glass recycling contributes to the overall health and well-being of communities. It conserves energy and natural resources while also reducing waste.

GLASS4GOOD™ is a program developed by O-I to increase glass recycling in every community in which they operate. Through collaboration with the City of Danville, residents can safely and properly recycle their glass at four designated collection sites. After processing, the collected glass (cullet) from Danville's GLASS4GOOD™ program is used at O-I's closest facility and is formed into new glass, sometimes in as little as 30 days. To further impact the community through glass recycling, O-I also provides a charitable donation to United Way of Danville-Pittsylvania County based on the weight of collected glass.

## UNITED WAY OF DANVILLE-PITTSYLVANIA COUNTY

The United Way of Danville-Pittsylvania County in Virginia is celebrating 100 years of providing for the needs of less fortunate individuals in our community. Through specific goals and outcomes, the United Way invests in services that address third grade reading, reducing barriers to middle school students' on-time graduation, assisting the homeless and those impacted by domestic violence, serving the aged, and training the unemployed. Through these local initiatives, we're able to make a difference in the lives of thousands each year and in turn building a stronger community.

## DANVILLE COLLECTION SITES

Danville Mall (southwest corner)

Tractor Supply (Kings Fairground Plaza)

Ballou Park Shopping Center

South Boston Road/Halifax Road (across from  
Public Works facility)

The city also offers curbside recycling service

## MAKING A DIFFERENCE IN DANVILLE

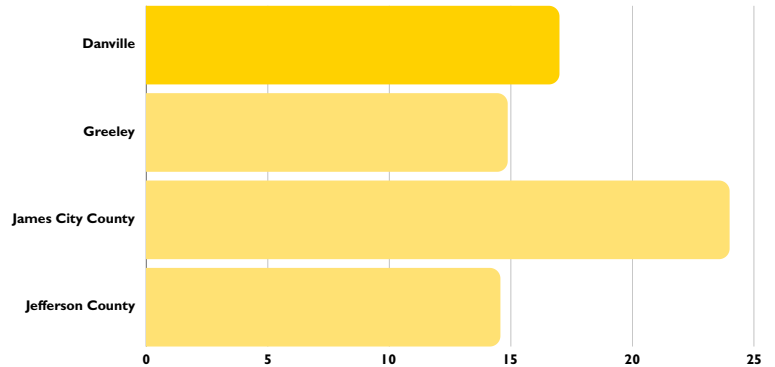

Through GLASS4GOOD™ donations, United Way of Danville-Pittsylvania County is addressing food insecurity, investing in a local food pantry and urban garden. The Urban Farm is a community farming space that works to increase the access of healthy and fresh food to area residents. The farm grows a variety of fruits and vegetables that are added to every customer's basket. A relaunch of the previously empty lot will soon house raised garden beds, a greenhouse, a toolshed and a composting facility. The Urban Farm ensures that area residents have access to healthy locally grown food.

At O-I Glass we love glass and we're proud to be one of the leading producers of glass bottles and jars around the globe.
